## Sullivan Quits As Navy Head

***. . . In Protest Against Scrapping Of Super-Carrier***

WASHINGTON—(AP)—Secretary of the Navy John L. Sullivan resigned today with a blast at Secretary of Defense Louis A. Johnson for blocking the navy's plan to build a super-aircraft carrier.

In a letter to Johnson, Sullivan called the defense secretary's order to halt work on the carrier "arbitrary" and said it was taken without even consulting the navy.

Sullivan added: "The conviction that this will result in a renewed effort to abolish the marine corps and to transfer all naval and marine aviation elsewhere adds to my anxiety."

Sullivan's office made this letter public shortly after President Truman accepted his resignation.

Louis A. Johnson, new secretary of defense, ordered the project stopped last Saturday and was backed up by President Truman.

SULLIVAN . . . *he was overruled by Truman and Johnson.*

The White House, announcing Sullivan's resignation, made public an exchange of letters between him and the president. These letters said nothing about the carrier.

Sullivan wrote Mr. Truman: "More deeply than words can express, I regret the circumstances that prevent me from continuing in my present post to help you in your magnificent efforts."

Sullivan asked that the resignation be made effective "at the earliest date convenient to you."

Mr. Truman, replying, wrote he deeply regretted "that you feel impelled to relinquish your post."

The president left the effective date to Sullivan.

Sullivan is known to have submitted his resignation in a talk with the president yesterday.

His action, which had been expected, is based on his belief that the navy is not being given proper consideration in defense policy.

Secretary of Defense Johnson's order Saturday to stop work on the $189,000,000 carrier was just one of a series of incidents against which Sullivan is protesting, associates said.

Top White House aids expressed belief Sunday night that the torpedoing of the carrier project was "the straw that broke the camel's back" so far as Sullivan is concerned.

Chairman Vinson (D-Ga) of the armed services committee was applauded in the house today when he said "Secretary Johnson is to be commended" for cancelling the carrier contract.

If war comes, Vinson said in a one-minute speech, "it will be a struggle with a land power."

## Motion To Kill Hangs Over Sales Tax Debate

***Adjournment Stops Vote As Opponents Charge 2 Pct. Levy Would Be Added Tax***

The Burney two per cent sales tax bill, LB 234, was debated for two hours by the legislature Tuesday, but adjournment shut off taking of a vote.

Proponents of the measure pointed out all of the shortcomings of Nebraska from declining population and uneven tax valuations to failure of the state to attract industry. Any progress in states having a sales tax were lauded. They pointed out it would replace state property tax.

Opponents of the bill laid stress on the fact that most of the taxes in Nebraska are other than for support of the state and that the sales tax would be largely an added tax. They pointed out that the legislature cannot assure that future legislatures will not return the state property tax.

**Cite Exemptions.**

Sen. Charles Tvrdik, chairman of the revenue committee which held hearings on the bill, moved that it be indefinitely postponed, after Sen. Dwight Burney, the introducer, had explained it.

**Burney contended that it would not increase the tax load but would re-distribute it. He estimated that $20,000,000 would be collected on sales in excess of 15 cents.**

With the exception of rentals, transportation and fairs, the only exemptions to payment of the tax are farmers, who would pay no tax on their retail sales unless they exceeded $100 yearly. They also would avoid tax on fertilizer, concentrates and mineral feeds, sprays, hay, grain, poultry and livestock.

**Not Replacement.**

Sen. Tvrdik stated that the history of other states shows that sales taxes are not replacement taxes. "It is just saddling another burden on the taxpayer," he said. Lack of new industries in the state he said had been delayed awaiting the development in recent years of firm electric power.

Sen. William Metzger contended that the people favor additional taxes when the need is shown. He said Iowa and Kansas are making needed improvements from the surplus obtained from sales taxes.

**Must Modernize System.**

The Cedar Creek farm operator said that the state tax system was established 75 years ago when the theory of all states was, "land tax eventually reaches everybody." He contended that times have changed and other states have modernized tax systems and Nebraska must do the same.

Sen. Ed Hoyt, McCook, said that it was true the state tax in Kansas is lower, but that the taxpayer is not relieved because the bulk of property taxes are levied by political subdivisions. He said the overall tax in Kansas is $56 to $59 in Nebraska and that in addition Kansans pay both sales and income taxes.

Stressing that assessment of property in Nebraska is unequal, Sen. Metzger said that Douglas county is now assessing on a 70 per cent valuation while some counties are only using 30 per cent of the value.

**No Magic in Tax.**

Sen. Thomas Davies replied by stating that every county can follow the Douglas county plan and that it is a legislative responsibility to keep valuations equal. He expressed the belief that other counties would equalize valuations.

**Those favoring a sales tax believe that it is a magic way of getting money," Davies said. "There is no magic. They are like the alchemists of old who sought to make gold from iron and lead. Lots of people seem to think it is like Alladin and his magic lamp, that all you have to do is rub, a genii will appear and all problems will be solved. It is still paying taxes."**

Sen. Vogt expressed the opinion that it merely shifted the tax burden from the wealthy to the

## County Cancer Quota $3,000 Short Of Goal

The Lancaster county cancer campaign slated to close Saturday is approximately $3,000 short of the $10,000 goal, Samuel E. Haupt, county chairman announced Tuesday. About $7,000 has been collected to date.

Haupt urged that contributions be mailed to "Cancer, Lincoln" so that the quota set for Lancaster county can be met by the closing date of the drive.

A large portion of funds collected in the county will remain in Nebraska to help support the seven diagnostic centers situated throughout the state.

A small percentage will go to national headquarters for the society's research program.

## Peterson Expects Higher Funds For Missouri Valley

WASHINGTON—(AP) — Gov. Val Peterson of Nebraska said today he is "highly optimistic" that the senate will vote increased appropriations for Missouri valley projects.

Peterson is chairman of the Missouri river states committee and the Missouri basin interagency commission. He planned to confer today and tomorrow with senators from basin states.

"I'm not here to push any individual projects but to discuss the overall development of the valley," Peterson told a reporter. "Projects dropped from the house appropriations bill would seriously curtail the entire program. I believe the senate will replace some of those and increase the amounts for others."

The governor and his wife arrived here last night. They will leave for home Wednesday night.

## Europe Aid Cost Is Down

***Truman Tells Congress U. S. Price Declines To Save ERP $157 Million***

WASHINGTON—(AP)— President Truman today informed congress that price declines will make it possible to finance the European aid program for $157,800,000 less than congress has authorized.

The president made that statement in a formal request to congress to "speedily appropriate" $5,272,200,000 for the economic recovery administration for use until June 30, 1950.

Of that amount $1,074,000,000 would be used between now and June 30 of this year and $4,198,200,000 during the twelve months starting next July 1.

**Letter To Rayburn.**

The president's request was in a letter to house speaker Sam Rayburn.

Congress recently authorized a foreign-aid program of $5,430,000,000. It contemplated the expenditure of $1,150,000,000 between now and June 30 and $4,280,000,000 for the following 12 months.

"A number of developments," the president pointed out, make it possible to operate the program for less than the full amount authorized, the most important being the "price decline in the United States."

## 'U. S. Youth Employ Set New Values'

***Honors Convocation Told New Interests May Offset 'A-Fears'***

"New values of American youth may be a match for elders' fear of an atomic age," Dr. Charles S. Johnson, Fisk university president, and outstanding American educator, declared at the annual University of Nebraska honors convocation Tuesday morning at the coliseum.

More than 1,800 outstanding scholars of the university were honored for excellence in their studies. Rabbi Samuel Baron of South Street Temple, Lincoln, was convocation chaplain.

**Five Values.**

Dr. Johnson said there are five values, not inspired by fear, which seem to be "motivating the behavior of young men and women in America." They are:

"First, many of us—teachers, parents and elders—have been startled by the invasion of young students of the not yet socially acceptable worlds of labor, politics, social service, interracial and intercultural education and living," Dr. Johnson said.

"But these interests have had the rich merit of humanizing the relations between people in an age growing steadily mechanistic, cold, fearfully and hatefully objective. These are not signs of frustration, or of fear. This is a new and important value and force in the modern world.

**Human Rights.**

"Second, there is the swift contagion of the doctrine of human rights. This is a positive development unmoved by the fears and threats of war. Only 10 years ago the idea of human rights was largely a concept of philosophy. Today it is a principle of action. This is indeed a new climate, a new challenge to youth, a new day, despite the insolent rebellion of a provincial section of our own country, against the tide of history.

"Third, there is another value now partially obscured by the hysteria of the elders. It is the expanding will to personal democratic action. Many American youths who fought for democracy in World war II had little real conception of its meaning. They did not see the incongruity of such a crusade to save or carry democracy to the world in racially segregated units.

To many Americans still, what goes under the name democracy is more a standardized fear of communism than realistic and profound democratic conviction. This much is certain: that if freedom is to be made to live, it must be made to work, now.

**Respect for Science.**

"Fourth, there has been associated with this new age of violence an almost unhealthy and terrified respect for science. It is well to keep in mind that science is not the only kind of knowledge there is. Our emotions, our purposes, our values, our ideals, and our decisions, in their living context—of actual experience, lie beyond the reach of scientific method.

"Fifth, is one more value deeply sensed by the newer generation. It is the imperative pursuit of peace. Here again is another challenge. One first test of international understanding that can lead to world peace is our ability to live peacefully at home with our own human differences.

"In our world the possibilities of good are as limitless as the possibilities of evil. There need be no fear and no frustration if you only use the skills and knowledge already within your reach. For fear itself, is a negative and dangerous thing."

***—Bade's '93' Average N.U. Record—***

## Two Omahans Top Scholars; 11 Win Superior Rating

William L. Bade and Frederick Ware, jr., both of Omaha, are the top scholars at the University of Nebraska.

Bade, to win the highest honors, has a three and one-half year cumulative weighted grade average in his studies of 93 per cent, highest in the history of the University.

Ware, a member of the varsity track team, had a 92 plus average for the same period of time.

**Honor List.**

Both young men were given special recognition at the university's annual honors convocation held at the campus Tuesday morning. Eleven other outstanding students were recognized in the same ceremony for possessing superior scholarship, 90 per cent or better, and for having been on the honor lists four or more years.

They are:

**Irvin B. Braverman, Grand Island, College of Medicine student.**

**Mary Anne Graff, Beatrice, Arts and Sciences.**

**Phyllis Ann Harris, Lincoln, Teachers college.**

**Milrae E. Jensen, Minden, Arts and Sciences.**

**John K. Kirsch, Lincoln, Arts and Sciences.**

## Foes Ready Normal Bill Amendments

***One Would Require Colleges Derive 35% Revenue From Fees***

When the normal school degree bill comes up on the select file of the legislature, the bill's foes will be ready for it.

Four amendments to the bill have been drafted.

One by Senator Lillibridge of Crete would withhold authority to grant liberal arts degrees from the teachers colleges until they have reported back to the legislature that they have been accredited by the North Central Association of Secondary Schools and Colleges.

In effect, this would mean postponing operation of the degree bill for at least two years.

**Supporters Confident.**

Another amendment by the same senator would require the teachers colleges to derive at least 35 per cent of their revenue from tuition and fees.

Senator Metzger of Cedar Creek also has drafted two amendments—one to require North Central association approval before the authority would be effective; and one to place Kearney and Wayne state teachers colleges under the University of Nebraska Board of Regents.

But supporters of the bill which would allow the four teachers colleges in the state to grant liberal arts degrees, were confident today that they would be able to defeat all four amendments.

## Californian In Fair Condition After Car Crash

***. . . On Highway 77***

Car crash victim Charles O'Brien, 61, of San Diego, Calif., was described in "fair" condition at St. Elizabeth hospital Tuesday.

He received possible chest injuries Monday night when his car struck a concrete bridge on highway 77 near the state penitentiary.

Hospital authorities said his injuries had not been fully determined and X-rays would be made Tuesday.

O'Brien's car left the roadway as he drove down the highway's grade approaching the penitentiary from the south. The vehicle crashed head-on into the bridge's east bannister, breaking it off, according to the safety patrol.

The front of the auto was nearly demolished, the patrol said. O'Brien was alone in the car and there were no witnesses to accident.

### ZALE RETIRES

CHICAGO — (AP) — Tony Zale, former world middleweight boxing champion, announced today his voluntary retirement from the ring.

The retirement of the Gary, Ind., slugger, a veteran of 15 years in boxing, will cause cancellation of his return engagement with the new middleweight champion, Marcel Cerdan of France. This bout was scheduled for the Polo Grounds, June 21.

Zale, who will be 36 next month, was champion from 1942 to 1948, with the exception of a brief period in 1947 when he lost the crown to Rocky Graziano.

## Moscow's Terms Found Acceptable

***Removal Of Red Berlin Barrier And West's Counter Block Would Precede Meeting Of Big Four Council Of Foreign Ministers***

WASHINGTON—(AP)—The United States said today "the way appears clear" for lifting the Berlin blockade provided the Russian terms actually are those published in Moscow.

The state department got out a 1,200-word statement of the American position. It was understood the United States, Britain and France had discussed the published Soviet terms and found them acceptable.

**The only reservation appears to be whether the Russians intend to propose any further conditions.**

The formal state department pronouncement came after a round of top-level government conferences. One of these was a report to President Truman from Dr. Philip Jessup, the American delegate to the United Nations security council. Jessup had discussed the Soviet proposal at Lake Success, N. Y., with Jacob A. Malik, the Russian U.N. delegate.

**Jessup Optimistic.**

For himself, Jessup told reporters "things look hopeful." That presumably was an indication that he inclines to the view that the Soviet proposal is a sincere one and that there are no hidden conditions to be sprung later.

**The terms are: First, that the Soviet blockade of Berlin and the western counterblockade of the Soviet zone of Germany should be lifted simultaneously.**

**Second, that a date should be fixed ahead of time for a meeting of the Big Four council of foreign ministers (the western powers plus Russia) to be held after the blockade is lifted.**

These conditions were revealed in the Russian announcement in Moscow as made through the Soviet news agency Tass.

In its statement, the senate department declared:

**No Final Conclusion.**

"If the present position of the Soviet government is as stated in the Tass agency release as published in the American press this morning, the way appears clear for a lifting of the blockade and a meeting of the council of foreign ministers."

But the statement added that "no final conclusion upon this can be reached until further exchanges of view" between Jessup and Malik.

Jessup went to the White House with Undersecretary of State James A. Webb.

On leaving, Jessup said the president had asked him for a report on the talks with Malik. In response to questions, Jessup said he thinks "things look hopeful."

**Both Smiling.**

"I'm an optimist," Jessup added. Both Webb and Jessup were smiling, buoyant and animated.

Webb told reporters:

**"The president has been informed of the steps which have been taken and has approved them."**

Jessup would not go into details of his talks with Malik, but the state department advised reporters that a statement concerning them would be issued later.

Responsible officials said that two closely related questions were posed immediately by the Moscow announcement:

1. Are the Russians seriously seeking a means to end the blockade in some diplomatic and face-saving manner.

2. Or are they simply pulling a new propaganda maneuver to try to disrupt the planned formation of a western German government "exclusive of the Soviet zone" this spring and early summer?"

These are the questions with which Secretary of State Acheson and his advisers are wrestling.

RIO DE JANEIRO — (AP) — The British luxury liner Magdalena sank today off Brazil.

At least 97 of her crew of 237 had been rescued by late afternoon, and it was not possible at that time to say how many, if any, were lost.

The 17,500-ton ship of the Royal Mail Line, which had been en route home from her maiden voyage, went down off Itaipu beach in Guanabara bay. Launched only a year ago, the $8,000,000 liner was badly damaged when she ran aground yesterday.

## Lew Pickett Is Dead Of Heart Attack

***Former Lincolnite Stricken At Fargo***

Lew H. Pickett, 46, former manager of the Western Adjustment and Inspection company here, died early Tuesday of a heart attack in Fargo, N. D.

For the past six months, Pickett had been associated with the company in North Dakota. He went to Fargo from Decatur, Ill., after leaving Lincoln in spring of 1948.

Pickett was a member of the Lincoln Rotary club, Elks lodge, a Shriner, and member of Royal Order of Jesters. He lived in the city from 1940 to 1948.

He was a member of the Darlington, Ind., lodge, No. 186, A.F. & A.M.

Funeral services will be held Wednesday in Fargo at the Ivers Funeral home. Burial will be in Darlington, Indiana.

Surviving are his wife, Frances, and three children, Ellen, Anne, and James, all of Fargo, N. D.; his mother, living in Darlington, and two brothers, C. R., Indianapolis, Ind., and Joe H., Seattle.

## Cushman Test Driver Injured; Scooter Upset

George Hametz, 28, of 146 E street, received undetermined injuries Tuesday afternoon when the scooter he was testing for the Cushman Motor Works overturned in the intersection at Twenty-first and Dudley.

Hametz, an experimental assistant for the company, was testing a machine described by the company as being in the experimental stage when the accident occurred.

Traffic Captain Paul Shivley said apparently the scooter turned over when Hametz applied the brakes as he approached the intersection from the north on Twenty-first.

Hametz, who was knocked unconscious when he was thrown from the scooter had not regained consciousness at 2:40 p. m., in Lincoln General hospital.

## Endurance Fliers Land After 6 Full Weeks In Air

FULLERTON, Calif. —(AP)— Ending six full weeks in the air, endurance fliers Bill Barris and Dick Riedel landed today.

The wheels of their monoplane touched the asphalt runway at Fullerton airport at 11:45 a. m. (PST) (1:45 CST).

They had been in the air 1,008 hours, one minute.

Six weeks was the goal they set when they took to the air March 15 for their fourth try at exceeding the 10-year-old endurance record of 726 hours."

Their three previous failures—once because of magneto trouble, twice because of ice on the carburetor—had been costly and they were kept in the air only by contributions of $1 each from some 2,000 Fullerton citizens. The chamber of commerce also had chipped in some $1,500 from its surplus cash.

A great cheer arose as a shot from the official timing stand announced that the pair had passed the 1,008-hour mark. Immediately, the plane started down on its approach.

Beside Dickie and his mother, June iRedel, the parents of the two fliers were also present to greet them. They are Mr. and Mrs. Chancey Riedel of Riverside, and Mr. and Mrs. W. A. Barris of Marionville, Mo.

Barris' wife, Betty, was also there, blt there two children, Patty, 2, and Steven, 1, were at home.

The families rushed onto the field as the plane skidded to a stop, and ground crews hurried up to remove the bar from the monoplane's door.

Although the craft had lost its tail wheel over Florida, during a cross-country refueling hop, the landing was made without mishap.

The big crowd started streaming toward the plane, as fire trucks on standby duty rolled up. Ropes were quickly strung up.

# Yankee Craft Depart

SHANGHAI — (AP) — Heavy U. S. Naval vessels moved out of Shanghai today as two communist spearheads rolled toward the Shanghai-Hangchow area.

The communist radio in Peiping boasted two nationalist armies, the 20th and 99th, had been wiped out. Two towns, Ihing, 85 miles west of here, and Chingtai, 60 miles southwest of Nanking, were captured, the radio said.

The communist broadcast said the Nanking-Hangchow highway had been cut. Government garrison headquarters said red advance units were around Soochow (Wuhsien), 40 miles west of here.

**Drive Toward Hangchow.**

Red capture of Ihing, on the west bank of Lake Tai, would mean the communists were half way to Hangchow, where some 300,000 government troops are believed dug in. A rapid thrust south could cut the Shanghai-Hangchow corridor.

The American ships went down the Yangtze estuary from here to avoid involvement in the civil war.

The British followed the American lead and withdrew warships of their Shanghai force. Movement of the ships into the Yangtze estuary will put them out of artillery range when the reds arrive in the world's fourth largest city.

When the communists would come no one knew. But Shanghai appeared ready to receive them without resistance. Most of the city's 5,000,000 inhabitants expect the reds to walk in and take over as they did the nationalist capital at Nanking.

Communist soldiers in Nanking boldly burst into the home of American Ambassador J. Leighton Stuart, 72. He was unharmed as was his staff. A strong state department protest to the communists over the incident was forthcoming. The incident was the first involving a foreign official since red shore guns damaged four British warships on the Yangtze between Shanghai and Nanking last week.

The Shanghai garrison command banned publication of all war news except what it put out. Since it was impossible to get anything from headquarters, there was virtually no news in Shanghai newspapers.

The Central News Agency, issuing a garrison communique, said operations in the Nanking-Hangchow-Shanghai triangle had slackened during the past 48 hours.

Meanwhile Shanghai, which had taken the situation with relative calm, was beginning to show evidence of panic. Shanghai's commerce seemd grinding to a halt. The securities exchange was open but there was little business. Main offices failed to open. The money market was so chaotic as o be meaningless. The U. S. dollar fetched 700,000 gold yuan. The prewar Chinese silver dollar soared until it cost $10 to buy six of them.

## SALES TAX DEBATE

poor. He said he did not believe the tenant farmer should pay the tax for the land owner.

Sen. Willard Wilson told of his experience as a home owner and how improvements he made merely added to his taxes. "This proposal is one to discourage spending, but the opponents say no and that instead we should discourage saving."

**People Have Spoken.**

"The people two years ago had a chance to vote on a sales tax and gave their answer," Sen. Weborg contended saying that it is time to call a halt to adding more taxes.

Sen. Louis Holmes spoke on what he termed the "unique philosophy" of the legislature. He said they were clamoring for more tax dollars rather than trying to get more efficient government.

"If you come down here with a tight budget, you will strive to keep within it," he said. "If you have extra dollars laying about, it is only human nature to find some way to spend them."

Sen. Burney pleaded that the bill not be killed but retained on general file. "This is the last bill in the legislature to give relief from property taxes," he said.

The Hartington farmer listed 10 states that he said had shown the most industrial progress and said all had sales taxes. He said no state that has once had a sales tax ever repealed it.

# Young Artists Display Work In All-State School Exhibit

*. . . More Than 225 View Show*

Art isn't confined to adults these days.

This was well illustrated Monday when more than 225 persons paraded through Miller and Paine auditorium to view the works of Nebraska's youth at the opening of the second all-state school art exhibit.

The art exhibit, which is the only one of its kind in the United States, will continue through the week. All of the 400 pictures displayed in the exhibit are done by children from kindergarten to the eighth grade.

**Pictures Selling.**

And the kids are selling their work, too—which is more than can be said of many an adult artist. Mrs. Nellie Vance of the University of Nebraska extension division, said several persons reported they would contact the artist to buy his work.

She said pictures which most people requested to see are those which appeared in the Sunday edition of the Journal and Star. Probably the most popular pictures were those by John Schweiger, Gering eighth grader, whose work is called "Home of Basil the Blacksmith," and a pen and ink sketch of a cat on a pillow by Beverly Jo Isbrendtsen, of Wiggle Creek school near Loup City.

Mrs. Vance was especially pleased by the fact that the youngsters are choosing subjects which they are familiar with for their work. They are drawing scenes from "their own backyard and not from South America," she explained.

The 400 pictures were picked from more than 2,400 entries. Sixty pictures have been selected for two traveling art exhibits to be shown at various schools during the coming school year.

The art exhibits go to schools in order of their request, Mrs. Vance said. Madison was the first school to request the exhibit, and the tour will start there next September, she added.

# Morrison New Rotary Head

*Chinese Minister Addresses Group*

GRAND ISLAND, Neb.—(AP) The Rotary district conference has been told that Christianity in China will grow whether or not it is given encouragement by the communists.

Rev. Paul Tong, Kweiyang, China, said yesterday that if communists permit freedom of religion, it will progress as it has in the past. If they attempt to suppress it, he declared, it will grow in spite of suppression as Christianity grew in its first years.

Other speakers were Dr. Glenn W. Hildreth, Chadron Teachers college, and Edward Huwaldt, Grand Island banker.

**Two Man Race.**

Meanwhile, Frank R. Morrison, McCook attorney, will be the new district governor of the 118th district, Rotary International.

Morrison was nominated at the conference, in a two-man race with Clarence Davis, Ord attorney. Two other candidates had been placed in nomination, but withdrew. They were Dr. Glenn Hildreth of Chadron and Lyle E. Mantor of Kearney.

The new district governor will be officially elected at the annual convention of Rotary International in New York in June. The nomination at the district conference, however, is tantamount to election.

# State Air Guard To Be First To Travel Via Air

*. . . For Summer Training*

According to present plans, the four units of the Nebraska Air National Guard, will be the first in history to be transported to summer field training entirely by air, Brig. Gen. Guy N. Henninger said Tuesday.

The air guard will train from August 6 to 20 at Oscoda Air Force base, Mich., and all the men plus all their equipment and supplies will be flown to the camp.

The Nebraska units are made up of approximately 300 men. Some will fly to the base in the units' own 30 planes while the remainder will be ferried in planes belonging to the 10th air force.

# GOP Senators Will Try To Cut Federal Costs Says Wherry

WASHINGTON — (AP) — Republican Floor Leader Wherry of Nebraska said GOP senators would make their first effort to cut regular government costs today on the annual money bill for labor and federal security agencies.

The labor-security bill is the first of the annual appropriations to reach the senate.

As it reached the senate floor it contained $2,396,337,265 for the fiscal year that begins July 1. That was $185,643,180 more than voted by the house and $161,947,980 above President Truman's budget figures.

Wherry said republicans would try to knock out some of the multi-million dollar items in the bill but declined to disclose these in advance.

Senator Myers (D-Pa), acting democratic leader, told reporters he doubts that the reduction move will succeed.

# HOWARD LANG, 14, IS ACQUITTED

*. . . OF KILLING PLAYMATE*

CHICAGO — (AU) — Fourteen-year-old Howard Lang was acquitted today of murdering a 7-year-old playmate.

The ruling was made by Judge John A. Sbarbaro of Criminal court who heard the case without a jury.

Lang was accused of killing Lonnie Fellick in a woods west of Chicago on Oct. 18, 1947, during a quarrel. The child was knifed and bludgeoned with a chunk of concrete.

This was Lang's second trial. An earlier conviction and 22-year sentence was reversed by the Illinois Supreme court.

# 'Due Unto Caesar' Provides Excellent Entertainment Here

*. . . NU Experimental Theater Rehearsal*

By LYLE HICKS.

Excellent entertainment was provided by the cast of "Due Unto Caesar," an original prize-winning play by Martin T. Cobin, Monday night in the Temple theater.

The play was presented by the University of Nebraska experimental theater.

The technical rehearsal showed strong indication that it will be a success when it is presented in Omaha, April 29, in connection with the Central States Speech association convention.

The play is about a university professor who leads a guerrilla band to victory over the invaders of his country, despite the loss of his family and two best friends at the hands of the enemy.

The part of the professor was ably portrayed by Gaylord Marr, who gave a sincere performance to an otherwise mediocre part.

Margaret Dutton gave him good assistance as the professor's wife, who was against all opposition to the invading forces.

**Supporting Cast.**

Max Lee provided conflict in the plot as the worker who opposed any military tactics.

Jack MacDonald gave an exceptional performance as the army captain who had lost his men and was trying to regain control through the underground activities of the band, Genghis.

Elaine Lanphear as the cook who would stand for no criticism of her cooking, intermingled laughter with the serious.

Ed Weisenreder gave the show a lift as the governor who started the guerrilla band and was responsible for its being victorious.

Don Nichols played the exacting role of the priest who tried to the end to help the men keep faith in God.

Dennis Vernon turned in a good performance as Eric Glennel, a former student of the professor's who was taken as prisoner by the guerrilla band.

Mary Lou Thompson gave an assured characterization of Zaro, messenger girl for the band.

Abe Katz was the self-importent Grand Marshall with Doc Secord and John McEvoy as his staff.

# Mrs. Jessie Ritchey, Long Time Resident Of Lincoln, Dies

Mrs. Jessie M. Ritchey, 72, 2124 O street, a Lincoln resident since a small child, died Tuesday morning at a local hospital.

Mrs. Ritchey was born Sept. 11, 1876, in Illinois. Surviving are five sons, James, South Gate, Cal., John, Hollydale, Cal., Charles, Deal and Andrew, all of Lincoln; one daughter, Mrs. Caroline Kivett, Lincoln; three brothers, John Neff, Omaha, Walter Neff, Springfield, Ill., and William Neff, Lincoln; seven grandchildren and three great-grandchildren.

# Engineers Club Hears Of Plans In Lower Platte

*. . . Mayne Reports*

The Lincoln Engineers club Monday night got an insight on river development work in the midwest.

John F. Mayne, hydrologic engineer for the Lower Platte River area, reviewed river development work and plans to the engineers at the monthly meeting at the Y.W.C.A.

Mayne defined the Missouri river basin project as a water resource development plan worked out by federal, state, and local agencies. He also touched on the underlying philosophy justifying such large expenditures.

Being better acquainted with the Lower Platte plan, Mayne reviewed in detail the work done thus far in that area. He said the plan contemplates 16 reservoirs, 14 hydro-electric plants, and 1,300,000 acres of new irrigation.

A. T. Abernathy, president of Lincoln Engineers, presided and introduced Mr. Mayne.

# Colonel Richardson Dies; Ex-Commander Of Fairmont Field

FAIRMONT, Neb.—Col. Tracy Richardson, 59, wartime commander of the Fairmont army air base, died at his home in Lamar, Mo., last week, according to word received here.

A native of West Union, Neb., (in Custer county), Colonel Richardson once, single-handed, captured Managua, the capital of Nicaragua before World war I.

He fought with the Princess Pats of Canada in World war I. Later he won a commission as a British naval aviator and as an American naval aviator.

**Tire Rims Missing.**—Ted McCracken, service station operator, Twenty-third and R, reported the theft of four chrome rims from a car parked in a lot at his station Monday. He valued the rims at $10.

# Sealer Crew Is Stranded On Ice Floes

*. . . USUALLY CARRIES 40 MEN*

HALIFAX, N. S.—(AP)—The sealer Wimoda was crushed in heaving ice off Labrador today and the crew was stranded on ice floes, marine radio reported. A sealer the size of the 170-ton Wimoda normally carries 40 men.

# More Time Sought By Railroads In Anti-Trust Suit

The railroads filed a motion in Federal court Tuesday asking a further extension of time to file additional pleadings and objections to exhibits in the government's six-year-old anti-trust suit against 47 western railroads and two railroad associations.

Federal Judge John W. Delehant had previously extended the railroads' time to May 2 to allow the Interstate Commerce Commission to rule on related matters. The railroads in the new motion say no ruling will have been made by May 2 and ask for an extension until "a reasonable time after commission action."

The government charges the railroads and railroad associations with conspiracy to set rates and fix service and discrimination against western customers.

# Omahan's Estate Is Valued At $200,000

OMAHA—Value of the estate left by L. O. (Heine) Schneiderwind, 56, president of the Omaha Welding company, has been estimated at $200,000. The Schneiderwind will was admitted for probate Monday in County court.

Bulk of the estate is left to Schneiderwind's widow.

The Omaha businessman suffered a heart attack March 23 during an appearance before the state legislature on behalf of the Nebraska Small Businessmen's association and died later in a Lincoln hospital.

Dean Roy M. Green of the university college of engineering, will speak on "Industrial Potential in Nebraska" at the chamber of commerce Wednesday noon.

O. Paul Bancroft will preside at the meeting.

# Glendo Dam Work Urged By Babcock

Immediate construction of the Glendo, Wyo., reservoir was urged Tuesday by Ray Babcock, president of the Nebraska Reclamation association.

The state reclamation leader made his statement in a letter written to Governor Val Peterson. The governor is in Washington and was not available for comment:

"To my mind, there could be nothing but good effect to the overall reclamation picture," Babcock wrote. He added, "I am convinced that there will be no loss of water or damage to any area in the state."

**Aid Western Nebraska.**

For two straight years, the governor has asked delay in the building of the reservoir stating that there was no assurance that the state's water supply would not be cut by use for the dam.

In answer to the governor's stand, Babcock wrote:

"It is my understanding that upon the construction of this dam there would be used 35,000 acre feet in the eastern edge of Wyoming and Scottsbluff and Morrill counties. . . . There are eight districts in western Nebraska that would get 90 per cent of the 35,000 acre feet from this project when it is completed," he said.

He added that it was his understanding further that 60 per cent of this water would come back to the Platte river as a return flow.

# 106-Year-Old Woman Dead

*Civil War Vet's Widow*

OMAHA—Mrs. Mary V. Smith, Nebraskan since 1874, died Sunday at the age of 106. She was the widow of a Civil war veteran and had lived in Omaha 45 years.

During World war II, when she was more than one hundred years old, she knitted for the Red Cross, the army and navy. She also made two afghans at 103.

Surviving is a daughter, Maud, retired Omaha teacher. Funeral services were held Tuesday.

# "Shoe Shine," Italian Film, Showing At N.U.

Two little Roman bootblacks—actually as well as for picture purposes—are the pathetic heroes of "Shoe Shine," famed Italian film showing in Lincoln the latter half of this week.

Victimized by the war, the occupation, racketeers, black marketeers and simple scoundrels among their own people, these lads are slowly pushed into betrayal and tragedy. The poignancy of their situation, the simplicity of their acting, the meticulous care of the director in making this an honest film, are factors in the immense reputation it has gained since being released last season.

"Shoe Shine" will close the third season of foreign film offerings by the university Y.M.C.A., with three showings in Love Memorial auditorium, Thursday, Friday and Saturday nights.

## An Old Friend Calls

*NOTE: Early last Saturday afternoon an old friend whom we had not seen for some years poked his head in the door. "I came up to cuss you out a bit," said Charley Stewart, for many years identified prominently with the activities of the Nebraska Farm Bureau federation. He has been taking it easier. Now in his 70s, quietly enjoying the farm after an exceedingly busy life, during which he contributed enormously to rural life in Nebraska, a fine, lovable, warm-hearted dirt farmer, it is pleasant and helpful to argue with Charley Stewart. He objected to any suggestion that highway development in Nebraska had been "robbed" of 3¼ million dollars since 1942 through refunds paid to farmers under the provisions of the gasoline tax exemption law.*

We told Mr. Stewart we were going to write a little bit about his visit. He had a lot to do with the passage of the gasoline tax exemption law. Every penny of the 3¼ million dollars paid out under it was in compliance with its provisions. There was no question about the legality of these refunds. The only issue raised was whether it is smart, with everyone crying to get out of the mud, to cripple highway development in the rural regions. From 1942 Nebraska enjoyed a high period of prosperity. Business or industry that did not make money never will, it would seem; the farmer who did not operate profitably during those years will stand little chance in the long pull.

Here we were at a time when there was full employment, when farm commodity price levels were at their peak. The farmer bogged down on frequently impassable dirt roads by an extra sacrifice on gas tax refunds would have had an additional 3¼ millions for gravel roads. He could have taken an additional deduction for business expense on his annual income tax report during a period of high income taxes.

★

Mr. Stewart made the point that without provision for gasoline tax refunds, the majority of Nebraska claimants under the law still would be using untaxed motor fuels at a saving of five or six cents a gallon. It is not so convenient he said; slower starting in the cold weather, gums up the spark plugs but at the saving entailed the farmer would have put up with that inconvenience. And he added some county boards should be made to get engineers if they are to have roads.

Well thats that. The legislature has spoken, its voice is final. The gas tax refund will continue. Less money will be available for lifting the Nebraska farmer out of the mud. Some 28,000 out of 80,000 farmers will continue to get their refunds, to which they legally are entitled. At the same time the cry to speed up the building of gravel roads will continue. A proposed amendment to remove the exemption was rejected. An amendment to grant the same exemption to industrial users was rejected. If the users of gasoline for agricultural purposes are entitled to exemption then the users of gasoline for industrial purposes are entitled to an exemption. The user of gasoline for any purpose except motoring is entitled to an exemption. But a certain leadership in this present session of the Nebraska unicameral says "No," and that ends it.

For the record the facts should be set forth.

★

The proposal was not to repeal the gasoline tax exemption law. It was simply to freeze refunds re-distribute the accumulated revenue back to counties, largely it would go to sparsely-settled counties, where the cry has been for roads. At any time the amendment to freeze refunds could have been repealed and the original gasoline refund law re-instated. We know that it is said that building roads is a job never finished. We also know that getting the farmer out of the mud is a job that should not be delayed unnecessarily. We know that as an evidence of his deep concern a gravel program of 3¼ million dollars would have tended to have softened some of this regrettable, unfortunate feeling being fanned between rural and urban people.

## Iowa's Burden

An interested reader mailed a marked page of last Friday's Lincoln Star to the editor's desk. He had gone through the list of 186 names, names of men and women, who will receive degrees at the May commencement of the Wayne Teachers college.

He was amazed to find that out of this list of 186 graduates, 41, or 22 per cent came from other states. Of the outstaters, 33 were from Iowa, two from Florida, two from Ohio, and one each from Washington state, Wyoming and South Dakota.

That invites a gratifying reflection.

**Obviously, the Wayne normal is doing an excellent job of training teachers in fulfillment of the purpose for which it was created. Possibly, another factor entered into this amazing out-of-the-state enrollment. Under the reciprocal arrangements between normals in Iowa and Nebraska, the Iowans could register at Wayne and receive their teacher training for five dollars a semester or 10 dollars for the school year—if the training courses covered the full four years for a tuition outlay of 40 dollars of out-state fees. If they attended normals in their own state, the state in which they hold residence, the tuition they would pay would be 33 dollars a quarter, or for the three quarters which are the equivalent of a full school term in Nebraska, 99 dollars a year. In addition, is the tuition of 50 cents a credit hour, or $18 a year.**

If those figures are correct, and the figures for Wayne came from information given over the telephone in a conversation with the Wayne Teachers college, while the information on Iowa tuition costs came from catalogs, then an Iowan, young man or young woman, at present tuition scales under the reciprocity agreement can procure four years of training at Nebraska at half the cost of training in Iowa.

That is a bountiful expression of the neighborly spirit.

We are making a most generous, graceful gesture towards Iowa in training her young men and women to be teachers at the expense of the Nebraska taxpayers.

Now, that indicates only a little of the difficulties of tuition involved in this proposal to create liberal arts colleges in the four teachers colleges in this state.

**Suppose we do set up liberal arts degrees, and keep established low tuition charges. What does it cost an out-of-state student at the University of Nebraska for tuition in securing a liberal arts degree there? It costs the out-of-state liberal arts candidate at the University of Nebraska $150 a semester—$300 a year tuition—$1,200 for the four years—all of which is his contribution to his own education—and all of which lightens the burdens of the taxpayers of this state in the direct tax appropriations for the support of state-maintained institutions of higher learning.**

**Do we propose that these four teachers colleges lighten the educational burdens of older and richer states under reciprocity arrangements on tuition when it comes to a liberal arts degree?**

**A normal-inspired bloc in the legislature has not even started to explore its problems. It talks glibly that no added expense is involved. Who with any knowledge of the facts believes it?**

The first step in granting liberal arts degrees in the teachers colleges should have been to put its house in order in the matter of tuition charges. The simple facts suggest that the people of Nebraska, unless there is careful thought given will have the dubious pleasure in the years ahead of educating thousands of young people from other states on the basis of tuition charges that cannot begin to compensate for the privileges accorded these students. Most of the press of this state in its editorial comment has awakened to the fact.

## New Highway Tests

Many states, including Nebraska, will watch with interest pending tests of a new type of highway construction, embracing use of rubber. The tests are to be conducted in widely-separated sections of the country—Texas, Virginia and Ohio; call for utilizing one-third to one ton of powdered rubber for each mile of road in combination with bitumen, the binding agent employed in building the conventional asphalt highway. The incorporation of rubber in the bituminous binding material is said to yield a superior road surface successfully employed in Europe and in the tropics for a long time. In regions where temperatures are factors to be reckoned with it is said that the new process also imparts greater durability.

# THE ABSENCE OF PEACE

One of the most beloved Americans of today, a man who has become a legendary figure among the big names of a big nation, Bernard Baruch, wrote in the current issue of a widely-read American magazine (The SEP) in candid, forthright spirit of America's future. He undertakes to discuss what Uncle Sam's vast world-wide commitments will do to America's cherished way of life.

★

The first thing he notes is what he calls the jitters spreading through the country—possibly what could more accurately be called a nameless fear, a fear based upon no specific, tangible thing except the elusiveness of peace—or the absence of peace. We all recognize that. Peace we crave, and there is no peace. Stability, the certainty of the bloodless future, which can rest only upon the belief that we have achieved understandings among ourselves that will lead to amicable international relationships, is what we desire, and yet there is no stability, and there is no outline of the future.

★

We distrust Russia and Russia distrusts us. We look upon the Chinese communists with misgivings, and they in turn eye us with suspicion. The world is divided into two camps, and the strange thing is that each camp if it is to be honest with itself is filled with fear.

★

It is in an atmosphere of this kind that Nebraska's Senator Wherry says foreign aid must be cut to fit the pattern of the American pocketbook. The weakness of his argument is that outwardly something which appears plausible under the microscope denies the actual existence of the facts which are shaping the craven fears of this world. Democratic peoples living within the shadow of the Great Bear fear to assert their democracy without assurance from us that their determination will have our support. But for a brief time, very brief, we thought Bernard Baruch and Senator Wherry were seeing eye to eye—jowl to jowl. We suspected that possibly they may have sat down together on a bench in the shade of one of Washington's trees. But the illusion was only temporary. The more we read, the more we came to the conclusion they were at the opposite ends of the poles. To save the freedom we cherish, we must be willing to sacrifice some of it, Mr. Baruch declared.

★

To appreciate how far apart they are, we need only to repeat one paragraph from what Mr. Baruch wrote:

> "The inflation that has wracked the country since the war's end had its start in the price control law of 1942, which let wages run free and farm prices rise to 110 per cent of parity. That law legalized inflation. Aggravating these mistakes when the war was over, TAXES WERE REDUCED AND CONTROLS THROWN OFF TOO SOON. HOW LITTLE WAS LEARNED WAS DEMONSTRATED ANEW LAST YEAR WHEN POLITICAL COMPETITION DECREED ANOTHER CUT IN TAXES IN THE FACE OF GROWING EXPENDITURES FOR THE COLD WAR, WHICH NECESSITATED KEEPING HIGHER TAXES."

★

No, Senator Wherry and Bernard Baruch were not seeing through the same glass, but through entirely different glasses. Senator Wherry was not responsible for the control act of 1942, but he had a lot to do with aggravating the original mistake in destroying controls too soon and in reducing taxes. And he was a big gun in the second tax cut of last year. His latest bid for republican leadership must disturb many Nebraska republicans who follow Vandenberg and a group of republican associates rather than Senator Wherry. The issue itself is one of today's top-notch headaches. Any simplification of it by Senator Wherry is to ignore the actual state of the world today.

## The DAILY WASHINGTON MERRY-GO-ROUND

TRADE MARK REGISTERED

By DREW PEARSON

WASHINGTON—If and when the State department opens its secret files on China, they will reveal one of the great human tragedies of post-war reconstruction. The files will also tell a story that will make this nation think twice about pouring more U. S. dollars down the yawning maw of China.

The diplomatic files show that, with most of China's 400,000,000 people in desperate need, the Chinese nationalist hierarchy insisted on controlling supplies, and even discouraged U. S. purchases by other Chinese.

• • •

Powerful in this hierarchy were T. V. Soong and M. H. Kung, both brothers-in-law of Generalissimo Chiang Kai-shek. Both are also among the wealthiest men in China or the world, and there is little evidence that they have dipped into their own pockets to help their fellow citizens.

**The State department's files, so far unpublished, show that at exactly the same time the Chinese government was pleading for more ships to import relief supplies, the Chinese government's board of supply, of which T. V. Soong was chairman, was actually stopping the delivery and sale of U. S. merchant ships.**

**Reason: The ships had been purchased from the U.S.A. by private firms, thus cutting out any profit for Soong's board of supply.**

• • •

This caused the U. S. foreign liquidation commission, operating under the State department, to make the following official protest:

"We have had complaints from several prospective purchasers of maritime property that they were unable to obtain permission from the board of supply to purchase vessels from our Manila office.

**PEARSON SAYS** that unpublished state department files show that at the exact time the Chinese government was pleading for more ships to import relief supplies, the Chinese government's board of supply, headed by T. V. Soong (above) actually was stopping the delivery and sale of U. S. merchant ships.

"In conference with us on 19 September of 1946, it was agreed that private shipping concerns in China would be permitted to purchase vessels in Manila . . . Several interested parties, whom we have notified of this arrangement, have informed us after contacting the board of supply that your organization will not issue certificates but require that all vessels be purchased from the board of supply."

• • •

This letter of protest was sent direct to Soong's representative, General P. Kiang. However he did nothing about it. At a round-table conference between Chinese and American officials, therefore, the state department raised the matter again.

The minutes of that meeting are still secret. However, they state: "The question of the Chinese restriction on ship purchases was next brought up by Mr. Stetson (J. B. Stetson of Stetson hats, then FLC field commissioner). He explained that part of our project was to help the economy of China and that individual buyers who wanted to bring in ships should be allowed to do so.

"General Kiang (Soong's agent) explained . . . . If there is to be any ship brokerage business done, the Chinese government wants to do it . . . . 'I am your exclusive agent for China,' he said."

• • •

Meanwhile, Soong's board of supply offered to purchase the ships for private companies at the black-market rate and for an additional 5 per cent "handling fee." In other words, the Chinese government was offering to deal on the same black market it had declared illegal.

The situation became steadily worse until Monnet Davis, U. S. consul-general in Shanghai, advised the secretary of state in a secret cable:

"Executive Yuan of Chinese government has placed ban on importation of 'American army surplus goods.' . . . . Ban imposed to prevent purchase of surplus goods by private firms in competition wtih the government. . . ."

**NOTE—After one conference between T. V. Soong and FLC Field Commissioner B. A. Johnson, the American official wrote in his confidential report: "Dr. Soong then told me that he had been a gambler all his life, but in this deal (surplus property) he was handling very heavy and important money. He was inclined to gamble because the chances to be derived by China from surplus property judiciously bought and correctly sold should be enormous."**

Brooklyn is noted for a lot of things—in addition to the Dodgers. But probably most Brooklyn residents don't realize that this city has sent an official ambassador to Washington.

He happens to be Dr. Gans, and although he is Cuban ambassador to the United States, he was actually born in Brooklyn.

Ambassador Gans' father was also a Brooklyn-born American, who went to Cuba during the Spanish-American war as aide to Major Tasker Bliss, later U. S. chief of staff. Young Lieut. Gans liked Cuba so well that he remained on after the Spanish-American war, married a Cuban girl, and then came back to Brooklyn. There the present ambassador was born.

• • •

**In his youth, Ambassador Gans had the reputation of being about as belligerent as Leo Durocher, late of the Brooklyn Dodgers. At the age of 20 he fought two duels in one day.**

**"It paid," explains the ambassador, "because after I got the reputation of being quick to challenge, people let me alone.**

**"Dueling in Cuba is not very risky," says Ambassador Gans, "for the reason that the seconds place you a long distance apart and only let you fire between the counts of 'two and three,' which they reel off so rapidly that you scarcely have time to fire."**

**The ambassador has served as envoy in almost every country in Latin America and also as secretary of labor, which he considers about the most important post in any cabinet.**

**"It is time," he says, "that we think less about machines and more about people. That's why labor department is so important."**

One man who pays great tribute to the American G.I. is Florian Niederer, known as the man who guided 300,000 G.I.'s through Switzerland.

After V-E day, with several million G.I's restless in Europe, Niederer, who is an executive of the Swiss tourist office, conceived the idea of helping the American army travel through Switzerland, and as a result one-third of a million G.I.'s visited the Alps at the rate of $5 a day.

"They were universally well-behaved," says Niederer. "We had misbehavior reported only in a very few cases."

Niederer is now in the U.S.A. organizing the "Swiss Kilroy club" on the theory that a G.I. who visited Switzerland once, would like to go back with his bride. A lot of them, he finds, do. So Switzerland has become the country labeled "Kilroy was there."

Ex-Congressmen George Bender of Ohio was defeated in the November election, but he still has a sense of humor plus some forthright advice for G.O.P. congressmen.

Last Christmas, Bender sent "Win with Dewey" neckties and sweatshirts to his friends and colleagues. This week he has sent the same G.O.P. colleagues some tough advice on him to lose another election.

**He tells them in his paper, "May Republican," that the best way to lose is to team up with Southern democrats. He reminds them of the record of Teddy Roosevelt and other republican progressives in crusading against business monopoly, for labor, and against isolation. Franklin Roosevelt, says Bender, stole the G.O.P.'s progressive thunder, and the only way to get it back is for republicans in congress to fight all summer to pass a liberal program.**

**It will be interesting to see how many republicans follow Bender's advice.**

### WHY PINCH-PENNY THE STATE UNIVERSITY?

Deshler, Neb.

To the editor of The Lincoln Star: It is not understandable just why the state university budget should be cut down at this time. The life of every individual in Nebraska has been and is affected directly and indirectly by the university. The high standard of living which we now have is largely due to the education and plans disseminated by this institution of learning. The improvement of the industries in our state, the wealth of our farms, the conservation of our soils, the improvement of our crops, the development of our livestock industry, and a host of other related projects owe their development directly to the state university. The university has reached down into every community to assist it in a better way of life and improvement of the people of maturity as well as the youth. The members of our legislature owe their very success in one way or another to the university. The university is the accrediting agency for most of our schools, and we owe our high standards of achievement to the plans they will accept. The university with its score of separate colleges sends its graduates throughout the nation to be leaders and benefactors of mankind. This service cannot be figured in dollars and cents. A chancellor has been placed over the affairs of the university by the board of regents. Nebraska has faith enough in him to know that the amount of money he approves and asks the legislature for is badly needed. Apply the same principles to the public schools in Nebraska by cutting down budgets asked for by the various boards of education and there would not be a single high school able to function. Our university must also take its place among those of all the other states, and if a careful study is made of their financial structure it will be found that their respective states have turned money over freely for their upkeep and upbuilding. Our university is an investment, not an expense, of the people of Nebraska.

### ROAD TO COMMUNISM

Lincoln, Neb.

To the editor of The Lincoln Star: The Truman Fair Deal will provide power to set prices on important scarce products and limit unjustified wage adjustments which would force a break in established price ceilings; continue credit controls; continue export controls; authorize U. S. loans to construct plants to produce materials in short supply; repeal the Taft-Hartley law and substitute legislation to guarantee labor, capital and management equal rights before the law. The president calls for farm price supports to spur production, prevent out-of-line price falls and insure fair standards for farm and labor families. The Fair Deal would apply TVA lessons to other river basins to develop power, irrigation and flood control, which was conceived by former United States Senator George W. Norris and supported by President Roosevelt. Truman's budget is the clearest expression that can be given at this time to the program which the United States should follow in the world today. It is founded on the conviction that we must continue to exert a strong, positive effort to achieve peace in the world and growing prosperity here at home. The Fair Deal calls for continuation of present enlightened foreign policy while building up the strongest bulwark against communism at home. The road to communism is lined with the wreckage of governments which neglected the welfare of their people. Citizens of the United States are determined they want a government that will protect and promote their economic, physical and social well-being.

### TAX PAYING A PRIVILEGE.

Lincoln, Neb.

To the editor of The Lincoln Star: The discussion of the sales tax in the letters column is interesting—every individual or group thinks they pay more than their share. Funny, isn't it? No system of taxation has ever been developed that is equitable or sufficient. Too large a group of citizens pay little or no tax at all. Included in that group are people from every walk of life, from the poorest to the richest, and the teachers and wage earners mentioned are also included. Many own no real estate or personal property (tangible) and pay no income tax and fail to report their intangible property. All citizens should be glad to pay their share of taxes for the privilege of living in this good United States of America. The more systems of taxation we have, the more equitable. The sales tax will make a large group pay that have been evading their share by some hook or crook. It is fun to gripe about how badly we are abused when it comes to paying taxes. A head tax would get a lot of tax dodgers. The main purpose of the sales tax as I see it is to make a group who are paying little or no taxes share part of the load.

### FISHING AT HOME.

Lincoln, Neb.

To the editor of The Lincoln Star: Much is being said and written relative to our poor local fishing, and as an old and ardent supporter of the age-old sport I too beg to speak my piece. It is all very well to read of the fine catches in streams hundreds of miles from Lincoln, but it doesn't compensate the unfortunate local angler who is unable to spend time and money visiting these well-stocked streams of the west.

A few days ago someone wrote a letter relative to stocking our local waters with trout and other game fish. Now anyone familiar with the haunts of the finny tribe knows that trout cannot survive in still waters. They must have a continuous supply of fresh running water, or lakes fed by springs. I said long ago when our local artificial lakes were under construction that game fish could not live therein. Carp and bullheads may survive, but even these are tained with an odor peculiar to the water. The only fishing worth while may be found in the Blue, Platte and Cedar rivers, and it is high time something is done about the dams on the Blue, where the lack of proper fish runways is a matter of serious import, if I am informed correctly. It is illegal to dam up a running stream unless provision is made to take care of the fish therein. No doubt the question of raising our fishing and hunting license fees has stirred up a long-dormant hornet's nest, and it is about time. Angling equipment costs money, and it is a nexcellent investment, for fishing is a clean sport in which old, young and in-

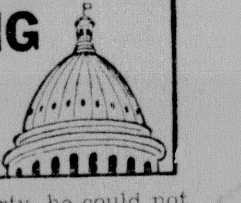
# WASHINGTON CALLING

by

MARQUIS CHILDS



WASHINGTON — For a long time now congress has been batting back and forth that word, housing. If all the speeches on the subject were laid end to end, they would reach so far out into space as to escape the sight even of the great new Palomar telescope.

Marquis Childs

But congress seems actually about to pass a substantial housing bill. It will mean direct government aid to build decent homes for some of the lowest income families. The filthiest, most disease-ridden and overcrowded slums will be cleared away.

In spite of all that the private housing lobby could do, the senate has now passed a bill calling for construction of 810,000 home units over a period of six years. For slum clearance, the measure provides $1,500,000,000 in federal loans and grants. The senate, of course, has done this twice before and a handful of obstructionists in the house have always blocked it.

• • •

Today, however, there is general confidence the house will be allowed to vote on the bill and, if they vote, they will adopt it. Both Speaker Sam Rayburn and Majority Leader John McCormack have expressed their optimism to President Truman.

**If these confident forecasts prove true, several people will be able to step forward and take merited applause. One will be the president, who has consistently ever since he has been in the White House, and long before that in the senate, urged the need for government help in building homes for families whose incomes are so low they cannot afford a decent place to live.**

**Another will be Sen. Robert A. Taft of Ohio. Taft's sponsorship of housing by government subsidy goes nearly back as far as the president's. In 1945 he joined with two democrats, Sens. Robert Wagner of New York and Allen Ellender of Louisiana, to sponsor a public housing bill.**

• • •

Taft, who favors more limited assistance than the administration proposal, has had his ups and downs as a champion of public aid in home building. In both the 79th and 80th congress the senate passed bills of which Taft was a sponsor. But in spite of all the prestige and power he wields in the republican party, he could not move the half dozen leaders in the house who were holding the door shut against any consideration of the bill.

So far as his convictions go, Taft has never wavered. The intensity of his feeling came out once again in the highly-publicized episode of his off-the- record speech before the republican policy committee.

• • •

That speech, in which he told his fellow republicans that the party could never win an election so long as they opposed every measure of social reform, puts Taft in the most interesting political spot in the capital. He becomes the blunt, outspoken challenger feared within both the republican and democratic parties. That has always been more or less his role, but until his speech he has never so openly challenged the right wing of republicanism.

**In his own party, Taft is resented particularly by such men as his Ohio colleague, Sen. John Bricker. Bricker, an avowed spokesman for the real estate lobby, sees Taft in the same light that Franklin Roosevelt's rich and conservative friends regarded the late president—that is, as a traitor to his class and background.**

• • •

**Taft is up for re-election in Ohio next year. It should be the sharpest and most significant in the country. From the Bricker wing of the party he can expect, at best, indifference. On the other side, organized labor is out to defeat him for sponsoring the Taft-Hartley act.**

If he wins, Taft will be able to claim a strong middle position between the Truman fair deal and the do-nothingism of the extreme right in both parties. The political logic of this middle ground will be highly persuasive not only for his own party, but for a great many independent voters with no strong ties. That, of course, points directly toward 1952.

**It explains why the democratic national committee will concentrate so much money and time toward knocking Taft out in Ohio next year. The Bricker type is not feared. Their complete and total reaction is almost self-defeating. But a Taft, claiming the middle ground of reform and progress in health, housing, education—that is another and far more serious matter.**

**That is the kind of political competition out of which advances have come in this country. It sometimes seems hopelessly slow, but usually—as now, with housing it comes along.**

Chapter 2.

"Hello," said the young man, and gravely shook hands with Jason. "I'm Garrett Forbes. How do you do, Miss Horne?"

"I found the kids in Mr. Forbes' trailer," Jason explained.

"I thought they were swell," said Garrett. He held out a batch of magazines and said, "The one that looks like a talking French doll—lord, but she's a little beauty!—seemed to yearn to cut paper-dolls. And I don't imagine my customers—if any—will miss a few fashion magazines of two years ago, so I brought these long."

"It's very kind of you. Tippy will be enchanted," said Felicity, and took the magazines. "They came home raving about a man who had a million books and magazines in his trailer."

"And of course you wondered what was the big idea," said Garrett a trifle dryly.

Jason made room for him on the steps and their interest was so genuine that Garrett grinned and said lightly:

"Well, the idea was to trade the books and magazines to farmer-folk for whatever they had they didn't need—farm products and the like; and then, at the next town, sell the produce for whatever it would bring."

"Why—what a perfectly swell idea!" Felicity exclaimed.

Garrett chuckled. "So I thought when I left New York—but you'd be amazed how uninterested the farmer-folk are. It seems most of 'em have a book.

Felicity nooded. "Have you followed the main highway down from New York?" she asked politely.

"Of course. Why?"

"Living along the main highway, with buses and cars going into town—with the dairymen's associations and things like that buying up their stuff, naturally they wouldn't be interested just in 'barter'."

Garrett studied her with sharpened interest.

"You mean I'll have to haunt the back roads and all that?" he asked.

"Naturally—if you expect to make anything from your idea."

"Hello," said the young man. "I've brought over a batch of magazines for the kids."

He shrugged. "Well, maybe it wasn't such a hot idea, after all."

"But it was—and is!" protested Felicity. "Why—it's wonderful! You're — you're a peddler of dreams, sort of."

Garrett was studying her with more interest. "Tell you what I'll do—I'll give you half interest if you'll help me carry out the idea."

Felicity caught her breath. "But that hardly sounds fair," she protested. "Frankly, we have just money enough to get us to Florida and run us for about a month—so we couldn't put a penny into buying an interest—"

"I've just told you I don't want any money from you," Garrett cut in eagerly. "Look, I may as well break down and confess that the whole plan is pretty much a washout. I'm not used to the country; I'm not used to being alone; I get as lonely as the devil—I almost wept on the kids' shoulders when they blew in tonight.

Felicity looked at Jason, hesitant. And before she could answer, Garrett added, "Of course, you'd have to get your dad and mother to agree to shift your route. Maybe they wouldn't like it—"

"Our mother is dead," Felicity said quietly. "And Dad is in New York—er—resting. Waiting for just the right part to make a comeback. He's an actor."

"And you children are traveling alone?"

Felicity's head went up and her brown eyes chilled just a little. "I'm scarcely a child, Mr. Forbes," she told him curtly. "I'll be twenty-three on Christmas Eve. Jay's almost sixteen. Even Ellen, the baby, is seven."

"Fliss has been our family ever since I can remember," said Jay, wary of his changing voice with its disconcerting upwards swoops and its sudden descents. "I don't remember our mother, and the children don't remember theirs—all except Ellen. Her mother died only a couple of years ago."

"But I thought you were all brothers and sisters," protested Garrett, puzzled.

Felicity smiled. "Jason and I are," she answered. "Cornelia's mother was Dad's second wife; Tippy and Denny were born of my father's third marriage, and Ellen was born after Dad's third wife had divorced him and married someone else. But when the mother died, she wanted Dad to take Ellen—and so she's with us."

Jason was studying Garrett's face with a faintly amused, ever so slightly embarrassed look, and suddenly he said dryly, "Don't try to sort us out in your mind, Mr. Garrett. Just think of us as Felicity's family and that'll be pretty close to the truth. She's brought us up and well, she's done a pretty swell job, seems to me."

"If there's any chance of your coming into a partnership with me, you have a right to know something about me. I'm Garrett Forbes, twenty-five, sound in wind and limb, but I wouldn't be so certain about the mental part of it. In the last year or so I've had grave doubts. I won a Sweepstakes prize—seventy-five thousand beautiful round dollars—minus, of course, taxes and the like of that. So I promptly went of the deep end and made a pretty thorough fool of myself. I woke up in the hospital with the cheering information that I'd about wrecked my nervous system and would have to take it easy for the next twelve months, if I hope to keep on living. While I was still under the sobering influence of this statement, I checked up on my financial resources and found that I had barely enough money left to get by on for a year, by exercising caution. That of course was when the brilliant idea of working my way south via the old books, magazine and product route struck me. And I hoped to gather no end of material for that same great American novel, which was gathering dust among my effects."

He looked up at Felicity. "Well, now that you know the truth, how about that partnership?"

"Frankly, Mr. Forbes, we'd like it a lot, only we feel we'd be sort of—well, taking advantage of you," said Felicity earnestly.

Garrett stood up and held out his hand, grinning down at her. "Then it's agreed! That's swell. This is going to be fun. We'll settle the details in the morning. Good-night."

# Taft Urges Broadened GOP Meets

### To Discuss Health, Housing Programs

WASHINGTON — (AP) — Sen. Taft (R-Ohio) suggested today that republicans broaden a series of regional meetings to include a conference on health and housing.

GOP Chairman Hugh D. Scott, jr., announced yesterday that the party will concentrate on trying to win the farm vote in the 1950 elections. He said the campaign will begin with a regional conference on farm problems in September, probably in Des Moines, Ia.

Taft, who heads the senate GOP policy committee, told a reporter he thinks the republicans also ought to get together to form policy on health and housing questions.

**West Coast Meet.**

Noting that the senate has passed a long range housing bill, Taft said there should be party discussion of the health program President Truman has sent to congress. This program calls for compulsory health insurance, a feature which Taft and other republicans have attacked as "socialized medicine."

Scott announced plans for a New England conference on industry and taxation which he said probably will be held in Connecticut this fall. The national chairman said a western regional meeting of republican officials at Los Angeles June 10 and 12 may be turned into a conference on conservation of natural resources.

**Bid For Farm Belt.**

Scott told a news conference his party is going to make a strong bid for the farm vote in next year's congressional campaign.

"The immediate and first priority of the republicans will be to show the farmer that he has been regarded as and treated as the biggest sucker in modern times by a gentleman whose first two initials—as far as the farmer is concerned—ought to stand for 'Hello, Sucker,'" Scott declared.

This was a reference to President Harry S. Truman and to the guaranteed income farm program submitted to congress by Secretary of Agriculture Brannan.

Scott noted that no bill carrying out terms of the Brannan plan yet has been introduced in congress. He said democrats were having trouble phrasing a measure even though "it's a wonderful vote catching idea."

## Man Had Brick In His Stomach For 10 Years

One man recently stated that for 10 years he felt like he had a brick in his stomach. This feeling was due to the lump of undigested food he always had inside of him. He was weak, worn out, headachy, swollen with g and terribly constipated. Recently he started taking INNER-AID and says the feeling like a brick in his stomach disappeared the second day. Bowels are regular now, the gas and headaches are gone and he feels like a new man.

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores.

firm can indulge. It provides both thrill and relaxation in which the whole family can join at nominal expense. But when a big-he-man weighing 200 pounds takes from his hook a weeny, tiny, harmless three-inch bullhead, it simply makes him blush and hang his head in shame. No wonder his good wife talks Reno every time he begs her to accompany him to the "mud hole."

**GOOD LUCK LETTER.**

Lincoln, Neb.

To the editor of The Lincoln Star: It is said that sports writers are hard critics at times, but they also have hearts and they have the readers respects. I thought you would like to know and appreciate the fact that your dope on the Lincoln A's is being devoured with sugar and cream nightly and with the greatest anxiety and interest by this fan. I'm sure I can speak for 25, maybe 50 or more loyal Deshong-A fans at the county courthouse where I work. Anyway we talk baseball, Boehm, Novick, Wells, Kennedy, Aliperto, etc., every day after you give it to us. Your accurate accounts, vivid descriptions, and personal touch make it easy to follow the team and by the time opening day rolled around we were up to date on all the new boys too. Sincerely we are enjoying the sports page and I'm sure all other fans in Lincoln are likewise. Please pass the word on to Jimmy and the boys not to worry about being welcome—the mat is out. Fan talk and baseball spirit—we have plenty of it. I repeat, we care only that the team hustles. This is not a silly fan letter but serious fan spirit wishing the team the best of luck.

C. W. SCHWARTZ.

school semesters he earned the incredible grade average of 97.5 per cent. He plans to obtain a masters and doctor of philosophy degree in physics and enter the teaching profession on the college level.

**Works Part Time.**

An honor student at Central high school, Omaha, Bade is a Regents scholarship winner and has helped finance his way through school with the Almy and Johnson scholarships.

He is currently working nine hours a week as an undergraduate teaching assistant. He is an associate member of Sigma Xi honorary scientific society open to seniors showing marked excellence in two or more departments of science; of Phi Beta Kappa, honorary scholastic society; and Pi Mu Epsilon mathematics honorary. He was married in February and his wife is also a university student.

**Boucher Award.**

Ware, 20, is the son of Mr. and Mrs. Frederick Ware of Omaha. He is a pre-medical student and will begin his studies at the college of medicine in Omaha next fall. During the past two school semesters, young Ware earned a grade average in his studies of slightly over 95 per cent.

He was an honor student at Benson high school and won a Regent scholarship to the university. Like Bade, Ware is a member of the three top honorary societies in his field of study: Sigma Xi, Phi Beta Kappa, and Theta Nu, honorary pre-medical society.

At the ceremonies Tuesday morning, Bade was presented the C. W. Boucher award, created by the former chancellor of the university, which goes to the senior student with the highest cumulative grades in scholarship. Ware was awarded the C. W. Boucher athletic award which goes to the senior athletic letter man in a major sport with the highest four-year cumulative grade average. Ware is a member of the varsity track team.

Both of the university's top scholars attributed their excellence in scholarship to "hitting the books and staying with them at regular times every day."

# Mary Doyle Makes Debut In Circlet Play

Novice Mary Doyle, in her first Circlet Community theater appearance Monday night, exhibited a certain charm and able dramatic ability in the leading female role of "John Loves Mary."

Appearing as an alternate in the role introduced by Mrs. Betty Swenson, a seasoned performer, Miss Doyle carried the part of Mary McKinley well.

The comedy by Norman Krasna which opened April 21 will run through Saturday night. A capacity crowd filled the Municipal playhouse Monday evening and the three-act play was well received.

Two other alternates in the cast of ten include Miss Claire Austin who has appeared in the part of the senator's wife, originally portrayed by Mrs. Sam Graham. Miss Austin will be seen again in this role before the final play of the season closes. The pompous General Biddle, first enacted by A. Q. Schimmel, will be played by Dale Berger beginning Wednesday night. Berger carried two parts in the recent "Night of January 16th."

### Sentence Deferred In Forgery Case

District Judge Ralph P. Wilson Monday deferred sentence on a Kansas man who has allegedly admitted to police the forging of two checks totalling $1,000.

Lawrence B. Miller, 35, Viola, Kas., pleaded guilty to the state complaint specifically charging him with forging a $317.50 check on a Beatrice bank. The check was passed at a Lincoln jewelry store last Thursday.

Miller's brother-in-law appeared in court and requested that the defendant be sent to a mental institution and not a penitentiary. Judge Wilson then deferred action until Friday pending further investigation.

# Mrs. Garnier Is Accused In Slaying

### Coroner's Jury Told Millionaire's Secretary Acted In Self-defense

RIVERSIDE, Cal.—(INS)—In a mortuary across the street from the county jail, Episcopal funeral services are to be held today for John E. Owen, slain millionaire rancher and apartment hotel owner.

In the jail, formally accused of murder, is Mrs. Agnes Garnier, the comely 53-year-old divorcee who allegedly fired the shot that killed him.

A complaint prepared earlier in the day was filed against her by District Attorney William O. Mackey late yesterday immediately after a coroner's jury found her responsible for the 68-year-old Owen's death.

Owen, president of the National Apartment House Owners association and a hard-fighting foe of rent control, was killed in his $500,000 ranch home near Riverside last Friday night.

Coroner Ben White, opening the inquest with the reading of the autopsy report, disclosed for the first time that the revolver bullet that entered Owen's body underneath the left arm pierced the aorta, causing a hemorrhage that caused his death a few minutes later.

**Linked With Shooting.**

Two witnesses linked Mrs. Garnier with the shooting. They were her maid, Edna Austin, and Deputy Sheriff Gilbert Crowell, the first officer on the scene.

The deputy said that Mrs. Garnier, who had been the millionaire's confidential secretary and manager of his hotel properties for 11 years, told him she acted in self-defense after Owen attacked her while drunk.

Crowell related it this way:

"I got to the house at 6:35 p. m. The maid said Owen had been shot. I found him in the bedroom Mrs. Garnier was there.

"I didn't know her. So I said to her, 'what happened, Mrs. Owen?'

"She answered:

"'I am not Mrs. Owen. I am Mrs. Garnier.

"'He came at me with the gun and I took it away from him and hit him. I don't think I ever had a gun in my hand before.

"'I had to do it. It was either him or me. He was drunk and hit me several times and knocked my earrings off'."

**"Talked About Some Glasses."**

The maid testified that she was upstairs after dinner when she thought she heard a shot. She said Mrs. Garnier came up a moment later and said:

"I shot Mr. Owen."

The maid related that during dinner she overheard Owen and the divorcee "talking about some glasses."

It was the only reference to a report that the shooting was preceded by a quarrel over a set of cocktail glasses sent to Owen as a birthday present by Actress Irene Rich.

A report that Owen was shot because he planned to transfer his affections from Mrs. Garnier to the actress didn't figure in the hearing at all.

Nor did a claim by C. A. Owen, a brother that Owen was slain because he discharged Mrs. Garnier. The brother appeared as a witness, but only to identify the body.

**Does Not Testify.**

Mrs. Garnier appeared at the inquest attired in a rose and gray striped cotton dress. She wore brass-tudded pumps and carried a red alligator purse.

She smiled nervously at her attorney, Sam Houston Allen.

She did not testify. Called to the witness stand, she stated quietly that on the advice of her attorney she was standing on her constitutional right not to testify.

Mrs. Garnier is the mother of Franklin L. Stephens of Lincoln. Stephens left Monday afternoon for Riverside to aid in his mother's defense.

### Mrs. Edna Bickert, Lincoln Resident, Dies Sioux Falls

Mrs. Bickert

Mrs. Edna Bickert, 75, 1928 Ryons street, a Lincoln resident for 20 years, died Monday at the home of her daughter, Mrs. Frank F. Fischer, in Sioux Falls, South Dakota, where she had been visiting for several months.

Born March 10, 1874, near Avoca, she was married to John Bickert at Nebraska City on Jan. 11, 1896. They resided on a farm near Elmwood until 1929 when they came to Lincoln. She was a member of St. Mary's Cathedral and the Altar Society.

Surviving are her husband; three daughters, Mrs. Fischer, Miss Ella T. Bickert and Miss Rosa C. Bickert, both of Omaha; one son, Robert, Wayne; three sisters, Miss Anna W. Burkhart, Los Angeles, Cal., Mrs. Carrie Ulmschneider, Portland, Ore., and Mrs. Ed Schreiner, Auburn; one brother, Nicholas Burkhart, Nebraska City, and three grandchildren.

### Winnebago License Application Denied

The state liquor commission denied the application of George Barcum and Alvin Hassel, Winnebago, for a class "C" liquor license. A hearing on th aplication was held on April 20, after a protest had been filed.

In further action, the commission sustained the action of the Millard village board in granting a class "C" liquor license to Fred Benke. The vote was two to one with Chairman Marcus L. Poteet dissenting.

Three hearings were set by the commission for Tuesday.

The first was on the application of Kenneth Barcum, South Sioux City, for a Class "C" license. A protest has been filed.

A hearing will also be held on the application of John Messick, Brady, for an on and off sale beer license, also because a protest has been filed.

Bertha Titterington, Kearney, has been cited to appear before the commission for possible revocation of an on and off sale beer license, for alleged sale of alcoholic liquor to a minor.

### DIVORCE CASES

Lydia Ehrlich filed for divorce from Carl J. Ehrlich in District court, charging extreme cruelty. Marriage took place Sept 4, 1946 at Marysville, Kas.

Allegra Maser filed for divorce from George Maser, jr., charging extreme cruelty and asking restoration of her former name of Owens. Married June 22, 1947 at Lincoln.

Ira Gibson filed for divorce from Novella Gibson, charging extreme cruelty. Marriage took place June 6, 1946 in Lincoln.

# Ex-Actress Loses Fight

### MADGE MEREDITH READY TO BEGIN PRISON TERM

LOS ANGELES — (AP) — Red-headed Madge Meredith, 27, former screen actress, has lost her fight for freedom.

She and three men were convicted Dec. 11, 1947, of luring Nick Gianaclis and his bodyguard, Verne Davis, into a lonely canyon and beating them. The three are Albert Tucker, Damon Klinkenberg and James A. Hatfield. Tucker received a five-year to life term and the others 30 days each.

The abduction stemmed from a dispute between Miss Meredith and Gianaclis over ownership of a mansion.

She had been at liberty under $15,000 bond pending appeal. April 15 the State Supreme court refused to review the case. Yesterday the former actress surrendered to the court.

# France Has Top Priority

### In Billion Dollar Plan Because Of Strategic Location For Defense

WASHINGTON—(AP)—France was reported in line today for the biggest share of the proposed American military aid program for western Europe.

Diplomatic officials who reported this said France would get top priority because of its highly strategic location and because its 10 divisions of troops are in sore need of equipment.

The administration plans to ask congress for $1,130,000,000 to rearm its 11 Atlantic Pact allies during the next year. Ad additional $320,000,000 will be requested to bolster the defense of other "friendly countries."

Britain stands second and Italy third, officials indicated, among the nations tentatively due to get American arms, equipment and raw materials under the program.

The allied strategic plan is to build up the French army and air force as rapidly as possible because it would be the major obstacle to any Russian invasion of western Europe.

Top government officials said some details of the military assistance program are so confidential that not even congress, which must appropriate the money, will be told about them—a statement which drew prompt fire from capitol hill.

**Wallace To Appear.**

Rep. Cannon (D-Mo), chairman of the house appropriations committee, served notice that "congress won't write a blank check" for administration officials on the arms program.

"We will have to know how much they will spend for each country and what the purpose will be so we can determine if it is effectively used," Cannon told a reporter.

He added that he considers the $1,450,000,000 asked for the program "too high." He said he is certain it can be cut down without endangering American security.

Meanwhile, Chairman Connally (D-Tex) of the senate foreign relations committee disclosed that Henry Wallace, vigorous critic of both the past and the arms program, has asked to be heard when the treaty hearing begins Wednesday.

# Two Beer Store Rentals Halved At Huskerville

### Rental Cut To $50 On 4-3 Council Vote

An auctioneer would have felt at home at the city council's Monday session.

The council took six votes at five different amounts—$35, $50, $25, $37.50, $27.50 and $50 again—before arriving at a new monthly rental figure for John C. Wilkens' off-sale beer stores at Huskerville. The $50 figure won out by a 4 to 3 vote.

But it took only one vote to halve Deuel Andreson's rent for his off-sale beer store at Huskerville. The vote was six to one, Mayor Clarence Miles voting no.

Both Andreson and Wilkens currently pay $100 a month rent for their Huskerville buildings. Both appeared before the council presenting figures showing their rent should be nearer $25 based on their anticipated business volume in one year. Wilkens said he would have to go out of business without the reduction.

**Against Recommendation.**

Votes on most of the amounts tried above were four to three splits. The second and final vote on $50 for Wilkens saw Miles, Pansing, Weaver and Dunn voting yes. Mrs. Orme who introduced the $25 figure voted no along with Iverson and Wilkinson. All three of the latter felt $50 monthly too high for Wilkens.

The rent reductions were against the recommendation of the leasing committee and L. H. deBrown, airport manager. Those objecting to the reduction felt that since both operators had been in business less than a year they had no idea of what their volume this summer would be. "They entered this with their eyes open and agreed to the $100 rental," Mayor Miles said in opposing any rent reduction.

**Reject Tax Hike.**

In other action the council:

(1) Once again rejected a Wilkinson utilities tax hike. The figure this try was 2 per cent. The 2 per cent figure is the only one on which Wilkinson can get a second. Iverson seconded the resolution and voted with Wilkinson on it.

(2) Sent a request from businessmen on the south side of O between Thirteenth and Fourteenth for half-hour parking meters to operate from 9 a. m. to 9 p. m. to the Traffic commission. The businessmen in the block object to people parking in the block for long periods and preventing customers parking for short periods.

(3) Granted the following on and off sale beer license renewals: Hal W. and Frank Coffey, 946 P; Jesse Lee Gibson and Juanita Gibson, 233 North Ninth; Henry, Jr., and Albert Klein, 1500 O; J. P. Lehl, 123 North Fourteenth; and William H. Rippe, 127-131 North Fourteenth.

(4) Granted the following off sale beer license renewals: George Adams, 109 South Seventeenth—Adams has erected a barrier to discontinue his operation as a drive-in; George P. DeWitt, 1545 O; and Public Market, Inc., 149 North Fourteenth. The Public Market will apply for a transfer of license when it moves to its new location at Thirteenth and L about May 12.

(5) Acting on the zoning board's recommendations, the council gave Grover K. Baumgartner a special use permit for a tearoom at 1530 L instead of the recommended one-year permit. Set hearings on J. J. Sullivan's application to build a house at Harrison avenue and Worthington street; J. C. Damrow's application to operate an off-street parking lot at the southeast corner of Fourteenth and Plum; and the application of the Rev. D. L. Lilley to build a church at 2046 S street. The council passed the remainder of the board's recommendations.

### Wesleyan Chorus Homecoming Concert

The Nebraska Wesleyan university male a cappella chorus under the direction of Professor Leonard Paulsen, will present the second in a series of three homecoming concerts in the C. C. White auditorium on the campus at 8 o'clock.

The 24-voice chorus will choose a program for a repertoire of 28 sacred and secular numbers. Sacred selections will include such numbers as, "Jesu, Priceless Treasure," by Bach and "Hosanna! Blessed is He," by Maryott, while secular numbers will vary from Romberg's "Stout Hearted Men," to a series of Negro spirituals.

In addition to the choral numbers, the program will feature two separate male quartets. Bill Cooper, Gering; Al Gay, Crawford; Dick Casselman, Douglas; and Ben Akert, Alliance, make up one quartet. The second is composed of Jerry Hedges, Central City; Clarence Meister, Humboldt; Robert Hunter, Ft. Collins, Colo.; and Dick Connel, Sidney.

Vocal soloists will include Dick Hughes, baritone, Edinburg, Tex., Cooper, Hedges, Connell, and Robert Larsen of Garden Grove, Calif. Harold Erickson, Paso Robles, Calif., will offer piano solos, and Gay and Dick Nesmith, Chester, will present readings.

### Monkey Thought Dead By Owner Turns Up At City Police Station

CHICAGO—(AP)—Ray Randall wasn't going to have any monkey pull any monkey business on him and keep living. Not even his own pet monkey, Lyman.

So after Lyman bit him, twice, Randall decided to destroy his pet.

Randall took his five year old monkey to Lake Calumet, shot him— dead, he believed—and tossed him into the lake. That was Saturday.

Sgt. James F. Battle of the East Side police called Randall yesterday and said a monkey at the station was believed to be his.

The monkey was brought to the station by two telephone workers who had found him walking along a highway near Lake Calumet. Police had traced Randall through Lyman's collar.

"I do not want any part of Lyman," Randall told police in relating events leading up to what he believed was the monkey's execution.

The police didn't want any more monkey business, either. Lyman was turned over to the dog pound.

### Mass Migration Of Refugees Set To Leave Europe

ROME—(AP) — Thousands of European refugees are streaming through Italy this week in one of the biggest mass migrations since the war.

The international refugee organization (IRO) said a record 5,000 men, women and children will leave Naples and Genoa within three days aboard five ships and one plane. They are headed for new homes in Australia and Brazil.

### Teacher Required To Determine If Contract Renewed

A teacher by law is bound to look out for his or her own interests and to make inquiry of the school board director whether the teaching contract has been terminated by the board, the state attorney general's office ruled today.

In answer to a query from F. B. Decker of the state department of public instruction, Assistant Attorney General William T. Gleeson said, "A director may wait to give notice until the day the teacher tenders notice of acceptance of a contract which has not been renewed."

"In any case where the teacher fails to receive notice that the contract was terminated, no rights could be acquired by a teacher who filed notice of acceptance," the opinion stated.

The opinion was requested in a case where the board voted on March 31 not to re-elect a teacher. The teacher was notified on April 8 that her services were not required for the coming year and on April 11 she filed an acceptance of the automatic renewal of her contract.

Nebraska law provides that a contract is automatically renewed unless the board votes before April 1 to terminate it.

# Americans Got Money's Worth For Relief Aid

### *To Greece, Turkey, Dodson Declares In Final N.U. Address*

"Americans have gotten their money's worth for every dollar spent in Greece and Turkey since 1945."

That statement was made Monday night by Arthur Dobson, former head of the reconstruction division of the American Mission for Aid to Greece.

Speaking in place of Dwight Griswold in the final lecture of a series sponsored by the university at Love Library auditorium, Dobson discussed the "Truman Doctrine in Operation."

**"We have gotten well over our money's worth," he stated, "but it will be a few years before we realize the great return from what will then appear a relatively small investment."**

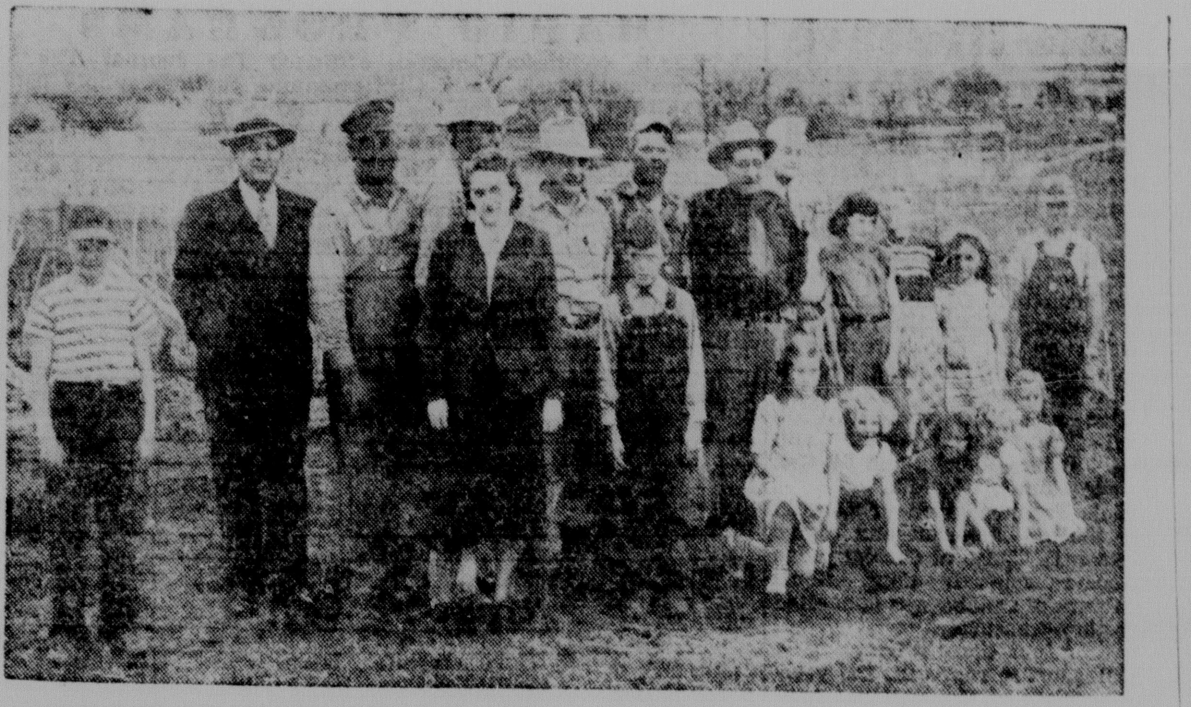
**MUST CONTINUE AID.**

In reviewing events leading up to the promulgation of the doctrine, Dobson said something needed to be done, and "this was the answer."

"And let it be generally understood," he cautioned, "that if we mean to contain communism, it must continue."

Reconstruction he said has proceeded as planned with but little interruption and "some sabotage." He estimated equipment destroyed by sabotage to be about $100,000.

Roads, ports, canals, and general physical conditions were the main job for reconstruction, he said. But, he added there must be further steps taken to increase the agricultural productivity of Greece, which he said was the fundamental reason for their "helplessness."



ARBOR DAY TREE PLANTING—Taking time out to pose for their picture are tree planters and 12 interested pupils of Crounse rural school, District 47. The adults are (left to right): Glenn Turner, Lancaster county superintendent; Oscar Ang, Crounse school board member; Daniel Olson, Lancaster county soil conservation district chairman; S. Fern Westfall, Crounse school teacher; Dr. L. B. Shreve, president of the Izaak Walton League's Lincoln chapter; H. M. Carnes, school board member; Les Hasson, member of the Izaak Walton League's Lincoln chapter, and Ward Betzer, secretary of the League's Lincoln chapter. (SCS Photo.)

Greece is "an excellent place to start" on President Truman's plan for industrialization and modernization of backward countries, Dobson declared. "If we can build up their agriculture and industry and given a little time, we will not have to worry too much about communists" in Greece, he continued.

He admonished the audience not to indulge in such wishful thinking as to believe that we can "wipe out the guerrilla forces completely." Geography was his main reason for such an "improbability." "The terrain is so rugged, and the frontier so long, that it would take a large scale invasion to accomplish such an end," Dodson added.

Such an invasion, he said, would involve the great risk of "precipitating an east-west global conflict."

Dr. Otto Hoiberg, supervisor of community services with the extension division, introduced the speaker.

# Red Action Arouses Connally

### *Strong Protest Is Urged After Commie Invasion Of Ambassador's Home*

WASHINGTON—(AP)—Sen. Connally (D-Tex) said today a state department protest should be "rammed down the throats" of Chinese communists who invaded the American ambassador's home in Nanking.

"It's a serious affront," the chairman of the senate foreign relations committee told a reporter. "They've got to learn to respect United States rights and property."

The state department ordered the U. S. embassy to lodge a vigorous protest with communist leaders yesterday, soon after it was reported that armed communist troops had forced their way into the building and routed Ambassador J. Leighton Stuart out of bed.

But there was some question whether the communists would take such a protest seriously.

"I think the state department should make representations and ram them down their throats," Connally said angrily.

News dispatches and a report from the embassy said the troops, after pushing into the building, inspected the second floor and questioned members of the staff.

While they did not harm anyone or molest the property, they reportedly told a servant that Stuart was not to leave the compound in which he lives.

"I think we've got to take a firm stand on this," Connally said.

## Committee To Hear Pleas For Rent Decontrol

The state real estate boards are urging introduction of a rent decontrol bill in the legislature and the judiciary committee will consider their proposal Tuesday.

Gov. Val Peterson and a number of members of the legislature have held that the controls are federal legislation and that when they are removed action should come from the same source.

The real estate men contend that if the state does not act controls will remain in some areas and cause confusion.

The proposal provides that on or before Nov. 1 the governor shall inform the housing expediter that controls are no longer necessary in the state.

# Old Parking System Goes Into Effect

### *35 Degree Angle Approved; Delay Rule Some Streets*

Police will begin the changeover from parallel to diagonal parking this week at city council direction given late Monday afternoon.

After lengthy discussion the council decided all streets except Seventh from M to N and P to Q, Eighth from M to Q and the east side of Ninth from P to Q would be returned to 35 degree angle parking. This angle is the one presently used in practically all diagonal parking in the city.

Action on the excepted streets was deferred to next Monday after council members found themselves deadlocked. Some council members suggested the initiative ordinance passed April 5 be complied with to the letter. Police studies showed that these streets would be blocked to traffic if it were.

**Parking Problem.**

Railroad tracks on those streets require that cars be parked four feet from the track nearest the center of the street if the rails are to be kept clear for switching boxcars. Cars thus parked diagonally 10 feet from the curb would obstruct lanes of travel. The police department recommended parking be eliminated in the streets mentioned.

Some council members feel the new ordinance is a mandate to return to 35 degree parking everywhere in order to create more stalls. "We can do one of two things," Councilman Tom Pansing said. "We can put in angle parking leaving the tracks clear and blocking the lanes of traffic, or we can park cars to the curb and require boxcars be switched at an hour when cars are not parked on those streets."

"That's just inviting an injunction to keep us from enforcing this ordinance," Mayor Clarence Miles said. "We don't want an injunction which will tie us up and cause people to say we engineered it because we are unhappy about the vote. The railroads have a franchise to use those tracks for their business.

**Avoids Ill Will.**

"This ordinance gives the voter a chance to see how diagonal parking slows traffic movement and leads to accidents. Maybe the voter will feel differently about angle parking a year from now but we have a clear mandate to return to it now. Let's not do anything to cause a lot of ill will," Mayor Miles urged.

Pansing's motion to install 35 degree angle parking from M to Q on Eighth failed four to three, Pansing, Weaver and Wilkinson voting for the motion.

Seventh street from P to Q presents a peculiar problem. When land for the street was deeded to the city by the Burlington railroad in 1901, the railroad retained the right to veto city regulations on the west half of the street in front of the station. Currently cars are parked diagonally on both sides of a cable running down the center of the street with their left front wheels touching the cable.

For a driver to comply with the ordinance which specifies that the right front wheel of a car must touch the curb, he would have to drive into these center parking stalls from the wrong side of the street. Then since the parallel parking at the east and west curbs must be replaced by diagonal stalls there would be little room for traffic movement if the center parking remained.

The police department recommended parking be eliminated in the center of the street and diagonal parking put in at the east and west curbs resulting in a net loss of 22 stalls. Attorney Kenneth Anderson, representing the Burlington, told the council the railroad would insist on its right of control over the west half of the street.

As a result the council unanimously approved Pansing's motion to remove diagonal parking in the center portion of the east half of the street and install 35 degree angle parking at the east curb. Presumably the railroad will leave parking as it present is on the west half of the street.

**O. K. Setbacks.**

Miles suggested that 25 degree parking be installed on Q street to keep it a four lane arterial. His first motion which included Q with the other excepted streets was defeated four to three, Dunn and Mrs. Orme voting with him. Q will rturn to 35 degree parking on both sides. Miles suggested trucks be banned from R but no action was taken.

In another traffic matter, the council granted the Shurtleff Investment company a 15 foot curb setback on L at Thirteenth. Th 100 foot long setback will include diagonal parking with council approval. Shurtleff had asked for an 18 foot, 100 foot long setback.

## State Reserve Officers Name Omahan Head

NORTH PLATTE—(AP)—The Nebraska Reserve Officers association today was headed by Col. Harold Le Mar of Omaha.

He was elected at the annual state meeting which concluded here Sunday night with a banquet address by Lt. Gen. Stephen J. Chamberlin, commanding general of the Fifth army.

Vice presidents are: Lt. Col. Cecil Craft, North Platte; Capt. C. F. Fowler, Lincoln; and Lt. Col. Horace Gomon, Norfolk.

Maj. Frank Watson of Lincoln was elected historian and Judge Jackson B. Chase of Omaha judge advocate general; Capt. Louis Seminara of Omaha was appointed secretary-treasurer.

**Adopt Constitution.**

Delegates to represent the various services at the national convention are: Col. E. W. Gustafson, Scottsbluff, air force; Col. Le Mar, ground forces; and Capt. Frank Campbell, Omaha, navy.

The group adopted a new constitution and passed a series of resolutions. One commended state and local governments and private firms for extending military leaves to permit employes to take part in training tours. Another commended civic groups and individuals exposing subversive elements and pledged support to legislative and educational programs to right communistic and anti-American activities. Still another encouraged unification of the armed services.

## Man Gored To Death By Bull

WEEPING WATER, Neb.—(AP)—J. Mathis Breckenridge, 58, was killed Monday by a bull.

Mrs. Breckenridge and a son, James, found the body in a field with the bull standing near. They called neighbors who with the help of two truckers, loaded the bull into a truck and hauled him away.

Breckenridge had been both gored and trampled. The bull had recently become unruly.

## O.K. Changes In 2 Highway Finance Bills

### *Lighter Car Fee Boost Cut To $6*

The legislature in a Monday afternoon session discussed the last two of four bills designed to increase revenue for the state highway department, and held them over on general file for possible further amendment.

The two bills discussed were LB 401, increasing registration fees for motor vehicles, and LB 402, providing tahat car-owners within 30 days after July 1, 1949, must buy a $2 use stamp and all other vehicles owners a $5 stamp for cars used for hire and trucks.

Discussed during the morning session Monday was LB 399, increasing the gasoline tax in Nebraska from five to six cents a gallon, and LB 492, increasing equalization fees on diesel powered motor vehicles.

**No Opposition.**

Although no opposition to any of the measures appeared in the initial discussions, some amendments other than those offered by the committee, were adopted which will bring about minor changes in the bills.

On the motor vehicles registration bill, LB 401, an amendment offered by Sen. Ed Hoyt, McCook, was adopted which will make the fee for cars below 2,800 pounds only $6. Previously the fees for passenger cars had been $8 across the board.

Another amendment by Sen. Arthur Carmody, Trenton, added another category in truck fees, setting the registration fee for three-fourth and less ton trucks at $8. The fees had originally been $10 for all ton trucks or less.

**It has been estimated by the proponents of the bills that LB 402, the highway use stamp, will bring approximately $1,225,000 in income. According to the bill, this revenue may be used exclusively for matching federal aid road funds.**

The increased motor vehicle registration fees will amount to an estimated additional $1,500,000 year, of which a certain share will go to municipalities, and a larger share to county road funds.

### Approve Deduction Bill Introduction

The legislature authorized introduction of a new bill by the labor committee, which provides that employes may authorize employers to make payroll deductions for specific reasons. Included in these are deductions for the purchase of government bonds, donations to charity, employe organization dues, personal insurance premiums and saving plan premiums.

A similar bill, LB 460, was passed by the legislature but vetoed by the governor, who thought the terms of the bill too broad. The measure, by unanimous consent of the legislature, was placed on general file.

In 1491, the Scottish parliament provided penalties of a fine and imprisonment for anyone playing golf or allowing his land to be used for golf; parliament felt golfers were taking too much time from their required archery.

## Reunion Of Injured Mother, 20-Months Baby Is Delayed

### . . . Injuries Too Serious For Removal

"I want my Mommy."

Those were the words of Bonnie Louise Ball, 20 months, at St. Elizabeth hospital where she is being treated for injuries received in a two-car accident a week ago near Cortland which claimed the lives of two Beatrice women.

Bonnie was reported in good condition Tuesday by hospital attendants.

Her mother, Mrs. Carol Ball, 21, of Kansas City, was reported also in good condition at Lincoln General hospital where she is being treated for a dislocated shoulder and lacerations.

**Two Released.**

Neither mother nor daughter is in condition to be moved as yet so any reunion will have to wait, hospital authorities said.

Two other victims of the same accident at St. Elizabeth hospital are all in good condition, attendants reported. They are Dr. J. G. Krim, of Beatrice, and his daughter, Margaret.

Still at Lincoln General hospital being treated for injuries received in the accident are Samuel Hevelone, Mrs. Elmer Hevelone, both of Beatrice, and Mrs. Carol Ball, of Kansas City. All are in good condition, according to attendants.

Daniel Hevelone of Beatrice and Camilla Hubka of Diller, also injured in the accident, have been released from the hospital.

## Advice Offered To Control Bean Bacterial Blight

In order to control the most common disease of garden beans—bacterial blight, which is carried in the seed—Extension Plant Pathologist Arden F. Sherf of the University of Nebraska suggests:

1. Plant a tall crop such as corn along the south side of beans to reduce wind-blown rain.
2. Don't work in the bean patch when the leaves are wet.
3. Use several dates of planting.
4. Plant certified seed or buy from a reliable dealer who obtains seed from the western states where blight does not occur.

Blight, Sherf says, first appears in yellow spots on the leaves but soon causes the entire leaf to turn yellow. It is spread easily by blowing rain, garden sprinkling or by a gardener working in the beans when leaves are wet.

WEATHER BUREAU SUMMARY—Cooler air has followed the unusually high temperatures of the last few days in the middle Missouri valley. Readings in the 80s, and reaching 90 locally, were recorded Monday afternoon in Nebraska; but North Dakota, Montana and Wyoming had highest temperatures in the 60s. The movement of the leading edge of cooler air over Nebraska was attended by light to moderate showers in several localities in the eastern portion and showers fell also from Iowa to Wisconsin and in western Michigan, and around Chicago. Further rains fell in eastern and central Texas, with heavy amounts in the south portion exceeding an inch at San Antonio and Corpus Christi. Lowest temperatures early Tuesday morning were in the 30s and 40s in the northern Rockies and the Dakotas, and Minnesota, in the 40s and 50s in Nebraska, and in the 60s in Missouri, central and eastern Iowa, and eastern Kansas.

## Two Seriously Hurt In Blast

### . . . WHILE REPAIRING ROAD

AINSWORTH, Neb. — (AP) — Fire which broke out while a state highway department crew was heating oil for road repair work seriously burned two men here yesterday.

The injured were Millard M. Devall and Art Carlson, both of Ainsworth. Their doctor said they suffered first and second degree burns of the face and arms.

Two explosions followed the fire. Two hundred poles and the trailer on which they were loaded were destroyed.

## Preparation Of Land For Corn Starts

### Wheat Is Making Progress Despite Winter Injury

Higher temperatures combined with clear skies during the past week speeded up farm work throughout Nebraska.

Some disking and preparation of corn land started, pastures made good progress and farmers nearly completed the delayed seeding of oats and barley, the state-federal division of agricultural statics reported Tuesday.

"Wheat made good progress last week considering the winter injury," the bureau said in its weekly crop-weather report. "Much of the winter-killed spots have been re-seeded to oats and other parts of fields abandoned are being prepared for corn.

"Considerable acreage of wheat was noted in corn stock fields in south-central Nebraska and such fields were among the best. So far, weeds are not showing up much.

**"Sub-soil moisture tests made in southern counties from Beatrice west did not show as much moisture as expected, some fields having as little as two feet of sub-soil moisture. Some complaints of damage in the western area were reported."**

Disking of fields for corn started last week and progress is being made this week as the fields become dry enough, the weekly report revealed.

"Alfalfa made good progress except for fields damaged during the winter," the bureau stated. "Pastures developed under the higher temperatures and ample moisture supply. Demand for farm workers increased considerably and is exceeding the supply. In the west, the planting of sugar beets, peas for canning, legumes and planting of safflower to replace abandonment of wheat continues.

**Planting Report.**

"Reports of spring planting up to Saturday were as follows: spring wheat, 87 per cent planted; barley, 65 per cent of planting done; farm potato crop, 61 per cent completed; oats, 79 per cent planted.

"Despite some improvement, the condition of winter wheat is rather low for this time of year and the same applies to other small grain crops that are up.

"Reports on grain, hay and forage for range are from ample to surplus, while about one third of the counties indicate a short supply of hay and forage and the balance generally ample. Pasture is still short but making good progress now. Surface moisture supply is ample for growing crops, but the sub-soil moisture survey made so far, shows less penetration than expected.

**Fruit Outlook Good.**

"While it is a little early for definite information, the present outlook for fruit generally is good. The late spring which held fruit back, was desirable in that the chances for loss from late frost are less. Peaches and apricots are blooming and it looks as if peaches, especially in southeastern Nebraska, came through the winter with very little damage. Plums are promising. The present prospect for cherries are good. The outlook for Jonathan apples is better since the crop was light last year and the outlook for other apple varieties is good so far. Grapes wintered well; and it appears the outlook for small fruit such as strawberries, raspberries and blackberries is good. Planting of gardens which had been delayed because of the cold, late spring made good progress last week."

Moisture received throughout the state during the week ending Monday included:

## Five-State Health Meeting In Omaha

OMAHA—(AP) — Representatives from five states were here today attending a conference on local health units.

Representatives at the three day meeting, which began yesterday, are from Nebraska, Iowa, Minnesota and North and South Dakota. They are spokesmen for such agencies as farm and labor groups, women's clubs, PTAs, medical schools, welfare councils and health foundations.

Committees were to meet today with consulting experts from the American Public Health association.

## North Winds Bring Lower State Temps

### Following High Of 90 Monday

The state's high temperatures were on their way out Tuesday, nudged by cool northerly winds. The weather man forecasts high temperatures today near 71 degrees, with lows tonight near 42, accompanied by partly cloudy to fair skies.

Monday's mercury boosting temperatures brought readings of 86 in Lincoln and 87 in Omaha, topping by four degrees the previous high mark for the day. Burwell and Hayes Center reported highs of 90, North Platte 89, Norfolk 88, and Grand Island and Sidney also had readings of 87.

The weather bureau's extended forecast calls for warm weather through Sunday, with temperatures averaging three to five degrees above the seasonal normal. Cooler weather is predicted for Friday and Saturday, warming again Sunday.

Scattered showers and thunderstorms are expected to bring less than a fourth of an inch of precipitation Thursday night or Friday.

Temperatures appeared headed for near record marks for the date over midwest areas today.

A mass of warm air from the plains states and the southwest moved into the south and central sections of the north central states. Temperatures in the 80's were forecast for most of the midwest today after readings in the high 80's yesterday in the central plains. The mercury hit 92 at Tyndal, S. D., and 90 at Fort Dodge, Ia., and La Junta, Colo., yesterday. The 88 reading at Kansas City was a record for April 25.

There were thundershowers today in western Iowa, northern Illinois, Wisconsin and northern Michigan. Light rain also fell in western Missouri and eastern Kansas. Elsewhere across the country fair weather was reported and temperatures were near or above normal.

## AAUW Rejects Plan To Give Lincoln, Omaha More Votes

OMAHA — (AP) — An amendment which would have given Omaha and Lincoln chapters of the American Association of University Women a larger number of votes in state meetings, was rejected by Nebraska members, according to a member of the board.

It was erroneously reported earlier that the AAUW group had adopted the constitutional amendment at its annual meeting here.

The amendment is expected to be resubmitted to the Nebraska group at a later meeting. Fourteen small Nebraska branches of the AAUW opposed the move for larger voting representation by Omaha and Lincoln.

## State Welfare Group To Hold 52nd Meeting

### . . . May 5 to 7

The Nebraska Welfare association will hold its 52nd annual conference in Lincoln May 5-7., Miss Bernice Green, president, of Pawnee City, announced Tuesday.

The conference opens Thursday evening at 8. Speakers will include Dr. James Chubb, First Methodist church pastor from Grand Island, whose subject will be "The Responsibility of the Individual in a Democracy."

Friday afternoon, delegates will hear a forum discussion on "Balancing Social Legislation and Public Economy." Participating will be Bernard S. Gradwohl, Lincoln, moderator; Robert Armstrong, president of Omaha Taxpayers association; Roderick Crane, Omaha university economics department head; State Senators Louis A. Holmes, Grand Island, John S. Callan, Odell, and Clifford N. Ogden, Omaha.

Saturday speakers will include Rev. G. Paul Musselman, director of the department of Christian social relations, Episcopal diocese of Michigan, Detroit; and Esther Twente, chairman of the University of Kansas department of social work, at Lawrence.

Two group discussions on youth will be held Saturday. Dr. I. J. Montgomery, director of the state merit system, will preside during a morning general discussion on "Our Responsibility to Youth." In the afternoon Green wil head the forum made up of representative Nebraska youth.

# N. U. Grad Named President Proposed Shipherd College

### . . . Dr. Alvin S. Johnson To Head School

OLIVET, Mich.—(AP)—Shipherd college, the school without a campus, has announced appointment of a president.

A group of dissident faculty-men breaking with Olivet college named Dr. Alvin Saunders Johnson, ex-Nebraskan and president emeritus of the New School for Social Research in New York City, to head the proposed liberal college.

More than half of Olivet's 30-man full-time staff has resigned or been fired in the past year in a bitter dispute with administration of President Aubrey L. Ashby.

Most of them plan to join in setting up Shipherd college and to take a large share of the Olivet student body with them.

The committee to found Shipherd college has selected Madison barracks at Sackets Harbor, N. Y., as a tentative site. It plans to obtain facilities from the war assets administration and apply to the New York regents for a charter.

"If proper arrangements can be made, the new college will open in the fall with a faculty experienced in working together and enough students from Olivet to begin with a four-year program," the committee said in a statement.

**Edited New Republic.**

The committee's announced purpose is to operate a "small, educationally, progressive, co-educational, liberal arts college."

Dr. Johnson was head of the new school for social research from 1923 to 1945.

A graduate of the University of Nebraska, he has taught economics there and at Bryn Mawr, University of Texas, University of Chileft teaching in 1917 to become editor of the New Republic for six years.

The committee said he would divide his time between the New York school and the new college.

**'97 N. U. Graduate.**

Dr. Johnson, who received his B. A. degree from the University of Nebraska in 1897 and his M. A. the following year, delivered the N. U. honors day convocation address here in 1946. A native of Homer, Neb., he was a Phi Beta Kappa while at N. U. He received his Ph. D. from Columbia university. His wife, the former Margaret Henry, was graduated from the University of Nebraska in 1898.

In pre-nuptial courtesy to Miss Betty Storjohn, whose marriage to Micky Stewart will be an event of May 14, Mrs. B. W. Nider, Mrs. K. F. Manning and Miss Jean Zehrung will be co-hostesses Wednesday evening at the home of Miss Zehrung. Sixteen guests have been invited for an informal evening of bridge, and a linen shower will be presented to the honoree.

## Around The Town

Included among the mid-week meetings planned by Lincoln social and study groups will be that of the Bethany Mothers club to be held at 1:15 o'clock, Thursday afternoon, at the home of Mrs. Ellis Jeffery, 2603 North Cotner. The lesson, "Feelings of Belonging—Competence in Love," will be conducted by Mrs. Ward Betzer.

Assisting Mrs. Jeffery as hostess will be Mrs. James Strauss, at whose home, 6640 Leighton, children of the members will be cared for during the meeting.

• • •

The regular meeting of The Quill will be held at 8 o'clock Tuesday evening at the home of Mrs. Helen R. Cook, 143 South Seventeenth street.

• • •

Members of the Alpha Tau chapter of Beta Sigma Phi held their preferential tea last Sunday afternoon at the home of Mrs. George Wasson. Chapter members who received their ritual degrees include: Mrs. Bill Dietrich, Mrs. J. P. Kelly, Mrs. John Roux and Mrs. Bill Wagner.

At the close of the ceremony, tea was served with Mrs. Willis Hecht, retiring president of the chapter, presiding at the tea table.

• • •

At the annual spring dinner of the Lincoln Woman's club evening division lecture group, held Monday evening at the Y.M.C.A., Prof. Earl Maxwell was guest speaker. Prof. Maxwell addressed the fifty members and guests on the subject of Nebraska plants and illustrated his talk with colored slides.

Miss Letha Kimball, retiring leader of the division, presided at the meeting which followed the program, and assisted by Mrs. Helen Tuttle Abbott installed the newly elected officers of the group. Leader for the coming season will be Mrs. E. W. Johnson; assistant leader, Mrs. H. E. McCormick; secretary-treasurer, Miss Ellen Heinen; and sponsor, Mrs. W. D. Way.

Social chairman for the evening was Mrs. Dora Sears, and special guests were Mrs. Abbott, Mrs. W. D. Way, past president of the Lincoln Woman's club, and Mrs. A. W. Mitchell, third vice president of the Woman's club.

**HELEN ELIZABETH EIGHMY**

Announcement is made today by Mrs. Matilda Eighmy of Eddyville, of the engagement and approaching marriage of her daughter, Helen Elizabeth, to Vernon H. A. Paulson, son of Mrs. James S. Adkins.

The wedding will be an event of Sunday, June 26, and the ceremony will be solemnized in Memorial chapel at St. Paul Methodist church.

Miss Eighmy is a graduate of the University of Nebraska where she now is an instructor in the commercial department. Her fiance, also a graduate of the University of Nebraska, is a structural engineer with the Omaha Public Power Co.

Announcement of the betrothal and the wedding date was made at a tea last Sunday afternoon at the home of Miss Gertrude Beers and Miss Luvicy Hill.

## We Hear That—

Mr. and Mrs. J. T. Zimmer have returned home from a ten-day trip to Rochester, Minn. En route to Lincoln, Mr. and Mrs. Zimmer were the guests of Mr. and Mrs. Walter Gray Gibson at Des Moines, Iowa.

## A Little Of This-And That

TOWN AND CAMPUS EACH YEAR share the excitement of Ivy Day on the University of Nebraska campus—Who will be the May Queen? Who will be masked for Mortar Board? Who will be tapped an Innocent? The first few days in May seem to be just one large question mark—

But on Saturday, May 7, all the answers will be given. That is the date of the Ivy Day ceremonies this year, and the program will follow the usual plan.

And also, as usual, the alumnae members of Mortar Board will meet for luncheon at 12 o'clock at the Student Union—All reservations for the event must be made before Sunday, May 1, according to those in charge, and Mrs. Robert Patterson seems to be the alumnae member with whom those who desire to attend, must contact—Just to save you a moment's time we'll pass on Mrs. Patterson's number—2-2705.

• • •

MENTION OF IVY DAY takes us back to a long time ago when Mrs. William Thomas of Omaha was May Queen—Mrs. Thomas is the former Gretchen Fee, and that leads right up to some interesting news of the Fee family.

We hear that Mr. and Mrs. Elton Fee of Bangkok, Siam, now have a third daughter — Wendy Elizabeth—who arrived on Wednesday, March 30.

To Marcia Fee—aged nine—the idea of a new baby sister was completely submerged in a picnic planned for that particular day by the Girl Scout Brownies, and the Boy Scout Cubs, in Bangkok. Marcia went off to the picnic, but Judy, three years younger and therefore not eligible for Brownies stayed home. For once in her life Judy was sure that not being old enough for Marcia's activities, paid dividends — She was on hand for the first glimpse of the brand new Wendy.

Incidentally, Mr. Fee recently was made international representative of the chamber of commerce.

• • •

GETTING BACK TO THE STATES and Lincoln, Neb., once more—We were thumbing through the current issue of The Woman yesterday and found a biographical sketch of Mignon Good Eberhart—The one thing the sketch didn't include was that Mrs. Eberhart is a former Lincoln resident — It did say something about "fresh out of college at Nebraska Wesleyan—" period.

• • •

FROM PROFESSIONALS TO amateurs in one fell swoop—We feel a little guilty in calling the cast of "John Loves Mary" (to be seen each evening this week at the Circlet Community theater), amateurs, for we hear the members of the cast are doing a bang-up job.

Anyhow, following the last performance on Saturday evening—the last of the current production—and the last for the season—there will be a buffet supper at the home of Mr. and Mrs. Harvey Swenson. The guest list of thirty will include the cast of the show, and the members of the Circlet theater board.

• • •

AND THAT REMINDS us that Mrs. Swenson's sister, Mrs. A. N. Black, and Mr. Black, are coming from Des Moines on Saturday to see the evening performance, attend the party, and remain over the week-end.

• • •

TONIGHT IS THE NIGHT the Patriarchs meet for dinner and bridge at the Lincoln Country club—Dinner places will be arranged for fifty.

• • •

HOMECOMERS FOR Tuesday —April 26—Include Mr. and Mrs. Edwin J. Faulkner who returned today from California where they spent slightly over two weeks—

• • •

MRS. FAULKNER ARRIVED just in time to brief members of the sustaining members of the Lincoln Junior league, meeting for luncheon today at the Lincoln Country club, on the Junior League fair, which is to be held early in the autumn. Mrs. Faulkner, a member of the active Junior League group, is serving with Mrs. M. G. Volz, president of the sustaining group, as co-chairman of the fair.

• • •

WHEN THE PI BETA PHI alumnae met at the chapter house Monday evening for its traditional Cooky Shine, the new officers of the group were announced. They include: Mrs. Richard Joy, president; Mrs. Ralph Smith, vice-president; Mrs. Donald Gallagher, recording secretary; Mrs. Ernest Walt, corresponding secretary, and Miss Helen McAnulty, treasurer.

Mrs. Joy then announced the following committee chairmen to serve during the coming year:

Settlement school, Mrs. Kenneth McCaw; meeting chairman, Mrs. Ralph Ireland; hostesses, Mrs. Fred Chase; magazine, Mrs. Jack Hyland; membership, Mrs. Glenn Wagner; publicity, Mrs. Harold Bookstrom; historian, Mrs. Coleman Furr; city rush chairman, Mrs. Richard Kimball; state rush chairman, Mrs. Victor Jouvenat; banquet, Mrs. William L. Beachly, and telephone, Mrs. Edgar Wescott.

• • •

NO DAY WOULD BE quite complete without a communique from the Bassinet club — The newest member is Miss Kay True Bradley, who arrived at Lincoln General hospital on Tuesday, April 26. The small Miss Bradley is the daughter of Mr. and Mrs. Sidney R. Bradley.

## Sigma Kappa Conference Closed Saturday

Sigma Kappa sorority's province conference closed with a banquet Saturday evening in the ballroom at the Lincoln hotel. A feature of the program was a series of tableaux, under the direction of Miss Jeanne Zehrung, depicting the founding of Xi chapter of Sigma Kappa at the University of Kansas in 1913, Alpha Epsilon chapter at Iowa State university in 1922 and Alpha Kappa chapter at the University of Nebraska in 1923.

Mrs. Arthur J. Whitmer served as toastmistress, and responses were made by Mrs. A. S. Hoffman of Council Bluffs, president of Province XIV; Mrs. Laurence W. Corbett of Minneapolis, national counselor of Sigma Kappa, delegates from the Iowa and Kansas chapters; Miss Ann Herse, and Miss Dorothy Corbett of the University of Nebraska. Miss Myra entertained with a group by songs.

After the banquet active members of the sorority met for an informal openhouse at the chapter house.

## One man's Opinion

by WALTER KIERNAN

(Distributed by International News Serv.)

A New York man is suing for divorce because he came home unexpectedly and found two chops broiling and he has only one wife.

**He will build his case on the theory that no woman would buy two chops for her own husband at the present price of meat.**

KIERNAN

Particularly when she expects his teeth to be in another state at dinner time.

**But it will be up to the court to decide whether she was extra-marital or extra-hungry.**

It's reminiscent of the case of the man who asked a divorce from his wife because she made him eat upside down cake every day.

**The court said, "What's wrong with upside down cake?" and the man said, "Nothing . . . but she makes me eat it upside down."**

Tuesday, Wednesday, Thursday, and Friday—inhabited islands between Australia and New Guinea—were named by Captain James Cook in 1770, according to the days of their discovery.

## Sidney's Lutheran Church Cornerstone Laid At Ceremonies

SIDNEY, Neb.—(AP)—Cornerstone laying ceremonies for the new St. Paul's Lutheran church here were held Sunday.

Among documents placed in the cornerstone were a history of the congregation, names of officials of the district and the synod, names of the president of the United States, the governor of Nebraska, the mayor of Sidney, copies of church periodical and a copy of the Sidney Telegraph telling of the blizzard of '49.

The Rev. Hy Dorn, pastor, conducted brief services. He said the building is expected to be ready for use by fall.

## 300 Attend Vesper Concert At N.E. High

Nearly 300 attended the vesper concert Sunday afternoon presented by the Lincoln high school girls' glee club and the Nebraska high school orchestra in the Northeast auditorium.

The glee club directed by Dorthea Gore opened the program with "O Saviour Sweet," by Bach and followed with "Love Song," Holst; "Sun and The Warm Brown Earth," Branscombe; Sea Moods," Tyson,; "One World," O'Hara.

Nancy Rodwell was soloist and Jerry Ginsburg accompanist.

The Northeast orchestra presented the following as the second part of the program: "March Hongroise," Berlioz; "Fugue in G Minor" (the little), Bach; "Ballet Egyptian," Luigini; "Song of Norway," arranged by Bourdon; "Mowis," Johnson.

The orchestra was directed by Vernon Forbes.

—NEW GERMAN STATE—

## Loose Rein To Be Held Over Reich

. . . BY U. S., BRITAIN AND FRANCE

WASHINGTON—(AP) — German political leaders were promised today that the United States, Britain and France will hold only a loose rein on the new west German federal state.

The state department made public the full terms of a Big Three agreement on what controls will be retained. The department said the occupation powers will limit themselves mostly to a supervisory role after the provisional government is set up.

The way was cleared for creation of the new state yesterday when western German leaders settled differences which for months blocked final drafting of a constitution. This seemingly removed the threat of collapse for the whole plan to give self-government to the 45,000,000 western Germans.

**State Department Pleased.**

Such a collapse would have been a hard blow to the west in the struggle with Soviet Russia over Germany's future.

Gratified at the break in the deadlock, the state department decided to publish the text of an agreement reached here April 8 by Secretary of State Acheson, British Foreign Secretary Bevin and French Foreign Minister Schuman to merge the three occupation zones and substitute civilian control for military rule.

Other Big Three agreements on Germany had already been made public and basic terms of the latest were disclosed in advance. This time, however, the state department supplemented its announcement with a statement which made a strong bid for German co-operation.

### Weather Ahead

The five-day extended forecast for Nebraska: Temperatures will average 3 to 5 degrees above the seasonal normal, Wednesday through Sunday; normal maximum 66; normal minimum 42; continued warm through Thursday; cooler Friday and Saturday; warmer Sunday; precipitation will average less than ¼ inch; scattered showers and thunderstorms Thursday night or Friday.

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

# Hunters Want 45 Days

## OPEN HEARING ON DUCK SEASON DRAWS DELEGATES FROM ALL PARTS OF STATE

NEBRASKA duck hunters brought their big guns to bear on United States Fish and Wildlife service officials Monday during a day-long public hearing at the Cornhusker hotel.

When the verbal barrage died down, government representatives had little doubt as to the demands of the Nebraska hunters.

First on the list for the home state gunmen was the request for a longer duck season. The current 35-day season just is not enough, said a host of hunters.

Gen. Butler Miltonberger, retired, of North Platte, voiced the plea of Nebraskans by saying that "you simply cannot adjust a 30-day season in Nebraska. If we can't have at least 45 days, then close the state entirely."

His words were echoed by Arthur Storz, Omaha sportsman. Storz declared, "You can't cover Nebraska with a 30 or 35 day duck season. The season is actually not that long because the ducks rarely appear in sizable numbers during all parts of the season."

### HOPEFUL PREDICTION

Dr. Herbert Kennedy, state game commission member from Omaha, had words of hope for the Nebraskans. He forecast a 40 or 45-day season, beginning around Oct. 15 or 20.

Western representatives at the public hearing had their inning.

Fred Peterson, of the Lincoln County Wildlife club, upped the season length with his suggestion of a 60-day season of half-day hunting.

Lee Salton, also of the Lincoln County club, knocked this suggestion by suggesting that such a plan would kill off too many ducks.

Sand Hills sportsmen backed a statement by Al Chadwick of Alliance who reported that although his region had 75 per cent of the birds and 15 per cent of the state's hunters, the season must be patterned to give those hunters a chance when the birds are in their territory.

### ANSWERS FOR ALL.

Dr. Clarence Cottam assistant director of the fish and wildlife service, had answers for all questioners.

When Ernie Dusek, Omaha rassler, asked what the 1949 bag limit and duck season would be for Nebraska, Dr. Cottam replied: "Each state must stay within the framework until all facts are in from our own biologists, from each state game department and from Canada."

He pointed out that "the chief purpose of any regulation for any game is the perpetuation of that resource—not to guarantee a full daily bag for every hunter."

George Holmes, Lincoln, asked what the game service was doing to increase the duck population. Holmes, speaking as a member of Ducks Unlimited, was told by Dr. Cottam that 3,200,000 acres formerly unproductive from a waterfowl standpoint are now productive.

### VARYING DATES.

The question of varying dates for surrounding states also arose. Edward Kotab, Nebraska City, asked that uniform seasons for Nebraska, Iowa and Missouri be established.

A report on the number of ducks available was based on counting figures from the central flyway which crosses Nebraska. This is one of four principal routes which ducks travel from north to south and back.

An increase of 13 per cent was reported for the central flyway last year Dr. Cottam announced.

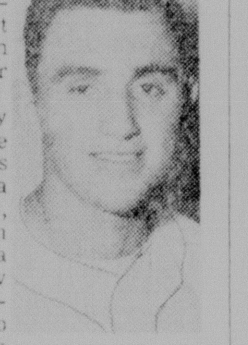
Groups represented at the meeting were: Lincoln Izaak Walton, Western Electric company club, Lincoln Inland Bird Banding club, Beatrice Gun club, Beatrice Izaak Walton, Omaha Sportsman's "36" Rod and Gun club, Lincoln County Wildlife club of North Platte, Republican Valley Conservation association of McCook, Otoe County Gun club of Nebraska City, Harlan Reservoir Sportsman's club, Ravenna Izaak Walton, Army Engineers of Omaha, University of Nebraska, Stuart Izaak Walton, Sand Hills Rod and Gun club of Ainsworth, Ainsworth Izaak Walton, Wisner Izaak Walton, Tri-County Wildlife club of Ogallala, Holdrege Gun club, York Izaak Walton, Alliance Elks club, Fremont Izaak Walton, Howells Gun club, Tekamah Gun club, Western Nebraska Sportsman's association of Mitchell, Papillion Gun club, South Central Nebraska Sportsman's club, Hastings Gun club, Nebraska Council Sportsman's club of Lincoln, Hall County Dog and Hunt club of Grand Island, Omaha Fish and Wildlife club, Southeastern Nebraska Sportsman's club of Falls City, Soil Conservation Service of Lincoln, Wilber Sportsman's Club, Schuyler Rod and Gun club, Crete Izaak Walton and Fairbury Izaak Walton.

# Denver Surge Wins

### Bears Come From Behind In Ninth; Eddie Boehm Homers

DENVER — (AP) — Denver's Bears won another Western league ball game from Lincoln Monday night the hard way, coming from behind for an 8-7 victory.

Chuck Tanner smashed a triple off the right field fence with one out in the last of the ninth and came in with the winning run when Deo Grose singled.



Rocco Ippolito

Lincoln's Athletics picked up one run on a series of bobbles in the first inning, then racked up four in the second Bob Kennedy walked, Joe Massaro was nicked by a pitched ball, Bob Palash bunted and a wild throw scored Kennedy. Massaro came in when Bobby Stewart flied to left field. Then Ed Boehm homered with Palash trotting in ahead of him.

The Bears scored once in the fourth and twice in the sixth, all tallies starting from walks by Palash. The A's kept ahead with runs in the seventh and eighth, then Denver tied matters with four in the eighth.

Deo Grose and Gale Bishop singled, Jack Henerich and Walt Linden doubled, and then Linden came home on sacrifices by Johnny Lybrand and Bob Jaderlund.

Rocco Ippolito's three singles drove in two runs for the A's.

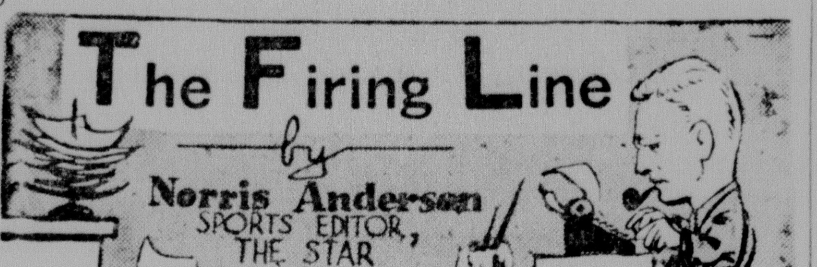
### Softball Meeting

There will be a meeting for double and single "A" softball league organization at the City Hall 7:30 Tuesday night.



JOHN RETA and Lindley Christensen, athletic directors at the state penitentiary, have issued a plea for used sports equipment . . . Contact them at the penitentiary . . . Davey Williams, 209-pound Iowa State fullback, has transferred his allegiance to UCLA . . . During recent spring drills, he was rated "plenty fast and a good spinner" by Al Wolf in the Los Angeles Times . . . One reason Nebraskan Jim McConnell, 190-pound Central City youth, gives for winning the Kansas relay decathlon title is the fact that he hit a seasonal peak in several events . . . For instance, Jim, who never had high-jumped over 5 feet, 6 inches, eclipsed 5-10 . . . The middle section of Harry C. Good, the Husker cage coach, stands for Carleton . . . Lawrence Ely, the ex-Husker All-America center of the gridiron, has joined the Armed Forces Insurance company and will work out of St. Louis . . . He previously had been a lawyer in Kansas City. . . . Another ex-Husker player, Elmer Holm, who helped tutor the 1942 Scarlet, has been appointed agency manager of the New England Mutual Life Insurance company at Davenport, Ia. . . . Toughest job of any NU coach is that of Swim Coach Hollie Lepley . . . Jolly Hollie, year by year, must assemble a team from a state that has only four high school swimming pools—Lincoln, Northeast, Omaha Tech and Boys Town . . . Yet his team recently finished third in the Big Seven . . . Stu Baller, ex-Omaha U. and Peru coach, will work this summer on his doctor's degree (philosophy) at NU . . . For the past five years, he has been superintendent of schools at Wayne . . . A former Lincolnite, Bob Moon is now chief radio and television annoucer for Station KHJ in Hollywood . . . A new son was recently born to Frankie Tallman, the ex-NU cager . . . Wayne Blue, the Rose Bowl fullback, was recently joined by his wife and two daughters in Bremerhaven, Germany . . . Wayne, an air corps captain, has been stationed with the 317th carrier wing the past 10 months . . . Mrs. Warren Sahs, formerly Anna "Hink" Aasen, the Husker cheer leader, is mother of a daughter . . . Bill Moorhouse, the Husker quartermiler, has signed as track assistant at Scottsbluff high next year . . . Dean Kratz, the former NU distance runner, graduates from law school in June.

Lawrence Ely

AL THOMPSON, Husker sprinter, won a :09.8 preliminary heat Saturday at the Kansas relays, whipping Texas' celebrated Perry Samuels in the doing . . . Attendance at Southern Cal track meets this spring has averaged over 12,000 . . . The Minneapolis Lakers' George Mikan, a graduate lawyer, handles all of his own contract affairs, as well as most of his teammates' legal matters.

**Ras Samara, the ex-fairgrounds wrestling favorite, is now performing out of Minneapolis . . . Tony Zale, the gritty ex-middleweight fight champ, rates Al Hostak as the best man he ever fought . . . Next is Rocky Graziano; then Marcel Cerdan, who took his title away to France last fall . . . Billy Soose, one-time middleweight champ, is now nearing his first million in Pennsylvania real estate . . . And ex-heavy champ Gene Tunney is rated worth four million by tax specialists and he is on the board of six corporations . . . Who said that fighters had lower IQs?**

Bunny Richards, the hard-working Hillcrest pro, rates Jimmy DeShong, the A's manager, as one of the longest drivers in Lincoln . . . Jimmy, says Bunny, hits 'em as far as By Adams, Harry Meginnis or any of the local distance experts . . . Dining-room chief at Hillcrest again is Bobby Burns, who used to cook steaks for Nebraska football teams . . . Assistant pro is Bob Fensler and Herman Glanz is grounds keeper . . . An average of 100 during week days and 300 on Sundays has kept the Hillcrest links humming.

### Omaha Tips Bruins

OMAHA—(AP)—Omaha's million dollar municipal stadium was christened Monday night with a walloping 12-inning Western league baseball game which Omaha won by the skin of its teet 9-8 from the Des Moines Bruins.

Catcher Nick Adzick provided the winning punch in the last of the 12th when he swatted a long fly to right field scoring Fran Haus.

A crowd of 9,416 persons turned out for the opening of the Municipal stadium.

It was a hot chase from midway in the game. Omaha drew first blood in the fourth and stayed ahead until a four run rally in the seventh gave Des Moines a 7-4 lead. Omaha picked up another in the eighth and tied it with a pair in the last half of the ninth. Both teams went scoreless in the tenth and both scored in the 11th.

Haus, who crossed the plate with the winning run, also homered in the fifth to drive in two runs ahead of him and doubled in the eighth to score another.

DUSEK POSES QUESTION—Ernie Dusek (right standing), one of the Omaha rassling clan, asks Jess Thompson, chief of the U. S. Fish and Wildlife service's law enforcement branch, whether it is illegal to retrieve a crippled bird while using a boat with an outboard motor. The question came during the open meeting on the duck season at the Cornhusker hotel Monday. Thompson's answer was that it was not illegal to use such a boat to retrieve a bird, but that it was illegal to shoot birds from any boats except those equipped with oars or sculls. (Staff Photo.)

# Links Bow To Eagles

### . . . Homer Hurts

(Special to The Star)

OMAHA, Neb.—A sixth inning home run by Pitcher Don Maseman was the blow that gave Omaha Central a 4-2 baseball win over Lincoln here Monday afternoon at Fontenelle park.

The Links held a 2-1 lead going into the sixth frame. Central tied the score before Maseman blasted one of Bob King's slants into deep center field.

A sparkling catch by Outfielder Don Becker ended the inning.

The loss was the fourth in four games for the Links.

# H. Strakbein Earns Place In PGA Play

GRAND ISLAND, Neb. —(AP) —Herman Strakbein, Kearney Country club, shot a 76-75—151 here Monday to qualify as the Nebraska representative at the national PGA golf tournament at Hermitage club in Richmond, Va., this summer.

Only three other golf pros competed in the qualifying competition. An extremely high wind made playing very difficult. Others competing were Bud Williamson, Lincoln Country club, Bill Schuchart, Happy Hollow club at Omaha, and Al Beister, Riverside club at Grand Island.

No dates or sites were announced for the state sand greens or grass greens tournaments. Professional golfers in the state will handle the events, assisted by an advisory group of amateurs.

Definite word on the dates and location of state tourneys is expected May 9 when pros and amateurs gather at the Kearney Country club.

Lincoln high school baseballers will make two home appearances this week. Athletic Director Ralph Beechner announced Tuesday that the Links-Omaha North game Friday has been switched from Omaha to Lincoln. Saturday the Links play a home game against Omaha Tech. Both games are slated for Muny field. Lincoln golf and tennis teams have added tests against Creighton Prep. Matches in both sports will be held Saturday morning in Omaha.

# Huskers Blast I. S.

### . . . For 10-3 Win

AMES, Ia.—(AP)—The Nebraska baseball team, which has been faltering in its fight to retain its Big Seven championship, Monday served notice it is not counting itself out by whipping Iowa State college 10-3.

The Huskers put on a heavy hitting exhibition as Bob Cerv tripled home two runs in the sixth, and Hobe Hays tripled in Cerv. The Cornhuskers counted a fourth in the same inning on an error, one of six made by the Cyclones.

Tom Novak, husky Nebraska catcher, smacked a homer with none on in the fourth.

While his teammates rattled out 16 hits, Elroy Gloystein held the Iowans to five bingles.

The teams meet again today in the second game of the series.

# Virag Throws Quick Falls At Kruscamp

Absence of a hood seemed to handicap Hardy Kruscamp Monday night in the first half of the main event at the Fairgrounds arena rassle show.

The one-time Golden Terror was no match for Wichita's Ed Virag who notched straight falls to dispose of the former mystery man.

Kruscamp was disqualified in the first fall for rubbing a taped wrist across Virag's eyes.

Virag ended the battle six minutes later with a body press.

Lillian Ellison won over Catherine Simpson in the special event in another straight fall verdict. The Carolina lass needed eight minutes for her first fall with a body press. Then a series of flips ending in another body press halted the action after 18 minutes.

Ken Fenelon came from behind to win the second section of the double main event from Jack Kennedy, Texas. Jack took the first fall with an arm scissors in eight minutes, then faded as Fenelon answered with a fall in six minutes.

Ten more minutes elapsed before the Dubuque, Ia., grappler could apply the clincher with another body press.

# NU Relay Men Prep For Drake

### Husker Sprinters Rate Best Bet At Carnival

By BOB BERKSHIRE.
(Star Sports Staff Member)

Nebraska's trackmen will go to Des Moines this weekend to bid for honors at the Drake relays.

The Drake festival is annually the most colorful track event of the year, and one of the most highly competitive.

The Big Ten, Southwest and Big Seven are strongly represented and teams from as far as the Pacific coast compete.

Competition for relay titles is strong. Nebraska has not won a baton crown at the Drake relays since a four-mile relay team won in 1934.

The Huskers have faired much better in the individual events. Don Cooper, who tied for first in the pole vault, and Herb Grote javelin thrower, are the most recent winners at Drake. Both won titles in 1947.

Ed Weir will send several relay teams into action in an attempt to redeem Nebraska's performances in the relay section.

### SPRINTERS FAVORED.

Still rated the best chance of annexing a relay title and carrying home wrist watches will be Nebraska's 440 and 880-yard relay combination of Dick Hutton, Fritz Ware, Al Thompson and Harry Meginnis. This quartet did not fair too well last Saturday at the Kansas relays, placing fourth in the 440 and third in the 880 yard relay.

Last year Mentor Weir could not find four sprinters to enter the Kansas meet; but the next week Nebraska finished second in the 440-yard relay and third in the 880 at Drake.

The University of Texas, with Charley Parker running the last leg, edged the Huskers by one yard in the quarter-mile relay.

Four fast half-milers will go into action Saturday bearing the scarlet and cream colors of Nebraska. Last weekend the foursome of Loyal Hurlbert, Jim Martin, Harold Kopf and Bill Mountford placed third behind Oklahoma A. and M. and Kansas.

Nebraska is also one of the eight schools which received an invitation to enter the sprint medley. A Nebraska team of Hurlbert, Ware, Meginnis and Martin finished third at the Texas relays.

Coach Weir also plans to enter four hurdlers in the 480-yd. shuttle hurdles Nebraska has four men who appear capable of breaking 15 seconds for a 120-yard flight. Missouri university won last year when its four men averaged 14.8.

Willis Jones, Ray Magsamen, Bob Berkshire and Al Thompson will run for Nebraska.

Thompson will be the busy performer. He will see action in the 440 and 880-yard relays and the shuttle hurdles. Preliminaries and finals are run in all three events.

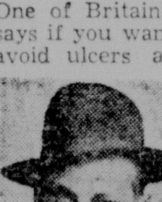
One of Britain's top surgeons says if you want to live longer avoid ulcers and high blood pressure, and be happy . . don't think too much. Like a midget reaching for a street car strap, you can try too hard . and it's the trying that ties you up like a Christmas package. When your body gets tired you have to lie down and rest, but when your noggin gets overworked it just keeps whirling like a stuck phonograph record. The result is that you finally get balmier than a spring day and you fret yourself into a doctor's office So relax. Stop thinking. You can do it if you'll just think hard about it.



At the golf clinic last week Relaxing and Thinking—seemed to be a couple of the necessary requirements to improve your game. Everyone we talked with really enjoyed it though and seemed to be fired with new determination. Maybe we should have more of them.

The National Patent Council reports that an inventor patented a portable shower. That's great for people who like to move around as they sing. ### —Russia Offers To Rip Down Blockade—

# Moscow Press Talks Of Peace

### ..Foreign Diplomats See Signs Of Some Agreement

By EDDY GILMORE.

MOSCOW — (AP) — Moscow's press published today the terms under which the Soviet Union offers to lift the blockade of Berlin.

A statement distributed by Tass, the official news agency, said that if an agreement can be reached on a date for a meeting of the council of foreign ministers, then:

1. The Russians will lift their communications ban, provided the west ends its counter-blockade of eastern Germany;

2. The Berlin currency question, which hampered the four-power talks in Moscow last summer, can be discussed by the four powers after the communications restrictions are lifted.

3. The entire German question should come up for review by the four foreign ministers.

**Reason For Hope.**

Some foreign diplomats here said this offer was the first sign in months that some agreement might be possible between the east and the west, but they warned against either hasty optimism or undue pessimism. One diplomat said the Soviet statement "holds a promise" which was worthy of consideration by the United States, Britain and France.

(The Soviet statement comes closer than any previous overtures to meeting the west's demand—that the blockade be lifted first before any four-power talks can be held on the future of Germany as a whole. The offer was made public only a few hours after the announcement by the west in Germany that difficulties barring the way to a west German government had been cleared away. Russia vehemently opposes a separate west German state.

**Less Stress On Currency.**

It would appear here, from the terms of the offer, that a unified Berlin currency no longer is a prime condition for the lifting of communications restrictions in German's first city. If this be true, it represents a step forward from the point where the four-power discussions broke down last summer.

The three western envoys in Moscow almost had reached agreement with Prime Minister Stalin and the then foreign minister, V. M. Molotov, but the currency issue blocked the way. Now it would appear the Russians are ready to lift the blockade first and then talk about a single currency for the city.

**Reaction Awaited.**

All newspapers this morning published the Tass statement prominently but made no editorial comment, as if waiting for western reaction.

It seemed significant, however, that the newspapers carried the new May day slogans bidding for peace with the west. Izvestia, the government newspaper, put it this way:

"Far beyond the boundaries of our country there penetrates and finds warm reaction in the hearts of millions of workers that flaming May day slogan: 'Friendship of the peoples of the Soviet Union, the United States and England is the best guarantee of a firm peace. Hail the brotherly alliance of the peoples of England, the United States and the Soviet Union in their struggle for peace.'"

## Most Stocks Move Higher

NEW YORK—(AP)—Buying interest in stocks picked up a bit today but the demand lacked any real vigor.

The market closed with a majority of gains running from fractions to around a point. Numerous issues, at the same time, either remained at Monday's closing levels or even backed down a trifle.

The volume of trading increased a little as prices moved up. Turnover was at the rate of around 900,000 shares for the full day.

## Grain Values Given A Boost

CHICAGO—(AP)—Grains pushed upward toward the close of today's board of trade session. Wheat and corn at times were more than a cent higher, in fairly active trading.

Reports of dust storms in southern Canadian provinces gave new crop wheat contracts a lift, and the May contract, which had been easy most of the session climbed above yesterday's close.

Corn followed the lead of wheat, with the May contract making the best showing.

Lard developed considerable strength on reports that packers were on the buying side anticipating purchases of lard by the army and navy.

The demand for soybeans was good in late trading with the May contract up around 2 cents at times.

At the finish wheat was 1¼ to 2¼ cents higher than yesterday's close, May $2.24½. Corn was ⅜ to 1 cent higher, May $1.35⅜-1:35¼. Oats were ⅛ to ⅞ cent higher, May 66¾@⅞c. Rye was 1¼ cent higher, May $1.27½. Soybeans were 2¾ to 3 cents higher, May $2.25¼. Lard was 20 cents to 48 cents a hundredweight higher, May $11.90@12.00.

# State To Lose $5,000 School Land Leases

### Unless New Hearing On Reappraisal Is Set Before July 1

Setting of hearing dates on reappraisal of school lands in Cherry and Holt counties was again postponed by the board of educational lands and funds at the regular meeting Monday.

Reclassification of lands, requested by lease holders in the two counties, has been completed. Action on reappraisal has been delayed more than a year.

Treasurer Edward Gillette moved that the hearings be delayed until after the legislature has acted on bills providing for sale of school lands and another providing new methods of fixing rental rates.

**Reed Against Delay.**

Wayne O. Reed state superintendent, urged that the hearings be set immediately. He pointed out that if the hearings are not held soon action cannot be completed in time to have any increase that may be voted effective July 1.

**Six months of any increase in rent would be lost to the state if the July 1 date is passed. Next date when changes in rentals is possible is Jan. 1. State Surveyor Hugh Dillon estimated that if his recommendations are approved the loss to the state from the six months rentals would approximate $5,000.**

When the size of the probable loss was made known Attorney General James Anderson refused to vote with Gillette for delay until after the legislative session. Instead, it was agreed that the action will come up at the next meeting in two weeks.

It was estimated that necessary formalities could be completed before July 1, if action is taken at the next meeting. Gov. Val Peterson and Frank Marsh, secretary of state, were absent with Lt. Gov. Charles Warner representing the governor.

The board voted to invest $200,000 in the school employes fund and $175,000 in the veterans aid fund in treasury bonds bearing 2½ per cent interest. Government 10 year bonds bearing 2½ per cent would be purchased with $25,000 in the municipal employes fund, $6,500 in safety patrol retirement and $20,000 in permanent school funds.
